Board Policies Relating to Residency, Enrollment, and Transfer

JBC - Student Admissions to/Withdrawals from School

I. Residence Requirements

- A. Except where Out-of-District enrollment is authorized by the board of education and Out-of-District tuition is paid, only those children who have attained the age of eligibility for school attendance and who reside within Shawnee Mission Unified School District No. 512 shall be entitled to enroll in and attend the schools of this district. Provisions of this policy shall be applied uniformly to all students regardless of race, creed, color, national origin or other legally protected class.
- B. A child shall be deemed to have a school residence in this district if such child:
1. Lives with an adult who is a resident of this district and such adult:
 - a. Is the natural parent, adoptive parent, stepparent or foster parent of such child; or
 - b. Is a legal guardian or conservator of such child; or
 - c. Is a person, other than a parent, who is liable by law to maintain, care for or support the child; or

- d. Is a person, other than a parent, who has actual care and control of the child and is contributing the major portion of the cost of supporting such child; or
 - e. Is a person, other than a parent, who has actual care and control of the child with a Power of Attorney issued by the person who has legal custody of the child; or
 - f. Is a person, other than a parent, who has been granted custody of the child by a court of competent jurisdiction.
- 2. Is a homeless child or youth who shares housing of other persons due to loss of housing, economic hardship or a similar reason; lives in a motel, hotel camp ground or other location due to the lack of alternative adequate accommodations; lives in an emergency or transitional shelter; has been abandoned at a hospital; or is awaiting foster care placement.
 - 3. A child or youth whose primary nighttime residence is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.
 - 4. A child or youth who lives in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings.

- C. A residency hearing shall be required for admission of any student seeking resident status under paragraph I.B.1.d-e. above.
- D. The district may request at any time a residency hearing for any student enrolled as a resident.
- E. Failure to attend a residency hearing or submit adequate proof of residency at a residency hearing shall result in a finding that the student is an Out-of-District student. The student shall bear the burden of proof on all issues pertaining to residency. In determining residency, the district may consider the following evidence on the issues set forth below.
- 1. Whether a child actually lives with an adult who is a resident of the district may be determined by providing verifiable proof that the child consistently sleeps, eats, stores belongings, receives mail, phone calls and visitors and resides for all other purposes at the dwelling place occupied by the adult resident of the district. Proof must be provided that the child exclusively uses the address and phone number of such dwelling as his or her home address. If the child lives in leased property and the landlord requires all occupants to be listed in the lease, proof that the child is listed as an occupant may also be required. Mere ownership of property in the district shall not establish residency.

2. Natural parent, adoptive parent, stepparent or foster parent relationships may be proven by providing certified copies of birth certificates, marriage licenses, foster parent placement records or adoption records as necessary to document any claimed relationship.
3. Legal guardianship or conservatorship of a child may be proven by production of an attested copy of a valid court order which clearly appoints an adult resident of the district as the legal guardian or conservator of the child during any period of enrollment.
4. Legal custody of a child may be proven by production of an attested copy of a valid court order which clearly indicates that custody of the child has been awarded for the period of enrollment.
5. Written consent of a person who has legal custody shall be demonstrated by production of a written consent of all persons awarded sole or joint custody under any custody order.
6. In determining whether a person other than a parent has “actual care and control of the child,” the district may consider factors including, but not limited to, the following:
 - a. The student’s age including whether the student has reached the age of majority.
 - b. Whether the student is emancipated.
 - c. The degree to which the student’s parents have relinquished care and control of the child, both legally and practically.
 - d. The extent to which the non-parent adult resident has historically made decisions regarding the health, education, and welfare of the child.
 - e. The sources and amount of financial support for the child’s care.
 - f. Whether a parent or a person who has been granted legal custody of the child appeared at the residency hearing to testify regarding “actual care and custody of the child.”
7. Whether a person contributes the major portion of the cost of supporting a child may be proven by presenting verifiable documentation of the total amount expended for supporting such child and verifiable documentation of the actual amount of support provided by the adult resident of the district who claims to provide the major portion of such support. The district may also consider whether a person has claimed, or is qualified to claim such child as dependent for tax purposes during the period of enrollment

Additionally, the person claiming to provide the major portion of the cost of supporting the child must provide a sworn statement from the child's parent, guardian or legal custodian indicating the reason(s) the child resides with the person claiming to contribute the major portion of the cost of supporting such child and the reason(s) why

the parent, guardian or legal custodian is not contributing the major portion of the cost of supporting such child.

8. Placement by a district court or the Kansas Department of Children and Families (DCF) may be proven by providing an attested copy of a valid court order of placement effective for any period of enrollment or a certified copy of the record of placement by the Kansas Department of Children and Families (DCF) effective for any period of enrollment.

F. The superintendent's designee shall have the authority and responsibility to administer and enforce this policy. The designee shall preside at residency hearings. The designee's decision on student residency claims shall be final subject to appeal to the superintendent. The following rights shall apply to residency hearings:

1. The student may be represented by counsel.
2. The student's parent or guardian may be present at the hearing.
3. The student may present evidence, including witness testimony, and may be present when and if the district presents evidence.
4. The student or student's counsel may cross-examine any witnesses who may testify at the residency hearing.
5. There shall be an orderly hearing and a fair and impartial decision based upon the evidence or lack thereof.

C. No person or persons claiming custody of the child shall be informed of the investigation while it is being conducted.

D. A child enrolling in kindergarten or first grade must provide a certified copy of the birth certificate of the child or a certified copy of an appropriate court order.

E. A child enrolling in any of the grades 2 through 12 must provide a certified transcript or other similar pupil records or data, or a certified copy of the birth certificate of the child, or a certified copy of an appropriate court order.

F. If the child has established residency pursuant to the residence requirements, then the board of education or its designee may, in its discretion, accept other proof of identity.

A. Criteria for Transfers

1. A request for transfer of a student from one school to another may be made by a parent, legal guardian, or lawful custodian of a student.

B. Policy for Transfer Applicable to All Students

1. Knowingly providing false information on the form shall be grounds for denial of the transfer application or revocation of a previously approved transfer.

2. It is the policy of the district that students should not be transferred from one school to another merely to relieve one school of a student who has been involved in incidents requiring disciplinary action to be taken, unless the associate superintendent or his or her designee concludes that a "fresh start" is in the best interest of the student and the affected schools. If a transfer request is initiated during the school year by a parent, principal, or other school administrator in charge of student discipline due to student conduct, such request shall be made directly to the associate superintendent or his or her designee.

3. In the event more students request a transfer to a particular school than there are spaces available, applications shall be considered as follows:

- Siblings of current District Transfer students receive first priority consideration.
- In-District students of employees will receive the second priority consideration.
- In-District Transfers are reviewed first in the order they are received.
- Remaining transfer requests are considered in the order they are received.

The district reserves the right to revoke if transfer requests exceed district guidelines.

C. Superintendent's Authority

The board of education authorizes the superintendent or his or her designee to transfer a student from his or her assigned school to any school in the district whenever such transfer is determined to be in the best interests of the student and the district. The superintendent or his or her designee is authorized to adopt and implement rules, guidelines and procedures concerning transfer of students in order to fulfill the purpose of this policy and to insure fair and reasonable assignment of students throughout the school district, provided that such rules, guidelines and procedures shall not be inconsistent with this policy.

D. Transportation

The request for transfer form shall advise the person seeking the transfer, that if the transfer is approved, the student's right, if any, to free transportation required by federal law, state law or board policy is waived.

E. Eligibility for Certain Extracurricular Activities

Any student who transfers to a school outside of the student's attendance area of residence shall be subject to all eligibility rules of the Kansas State High school Activities Association and such eligibility rules as may be adopted by the board of education.
