

MARC Protocol

When ordering MARC records for books/materials, Surpass recommends the following be used:

USMARC 852 protocol (MICROLIF 1991) - also referred to as 852 holdings

When a vendor disk is received, the MARC format can be identified by the filename on the disk. The following filename is used with the 852/MicroLIF format:

MICROLIF.001 - USMARC/MicroLIF 1991
