Parking Pass Eligibility

The Milford School District will continue and broaden implementation of the state's computerized routing system for school bus transportation. The Milford School District Board of Education shall adopt and enforce rules and regulations whereby a parent or guardian may elect to waive bus transportation for their student(s) to and from school in favor of another form of transportation.

The Milford School District Board of Education shall offer, to each parent or guardian of a student within the district who is licensed to drive a motor vehicle, a choice between driving a private vehicle to the school and transportation to the school by the school bus; provided, however, that those who choose to drive a private vehicle shall not be transported by a school bus, and those who choose to be transported by a school bus shall not be permitted to park on school grounds.

The principal may set aside a specific number of parking spaces for use on a temporary and emergency basis by pupils who originally chose transportation by school bus.
