

Inter-Lakes School District Organization Chart

Please note: In cases of emergency or situations that demand adult supervision, any available administrator is expected to take charge until relieved by the appropriate school administrator or public official (i.e., police). Teachers and Support Staff are expected to do likewise until relieved by an administrator or public official.

A solid line represents a direct chain of command while a dotted line represents an indirect chain of command. In both cases cooperation among school employees, students, parents and the general public is expected and deemed most desirable for the effective and efficient operation of the schools.
