

Student Eligibility: Physical Examinations

No pupil shall be eligible for interscholastic athletics at Inter-Lakes Junior/Senior High School unless there is on file in the school a physician's statement certifying that the pupil has passed a physical examination no more than two years prior to the year of participation. In every year in between, each athlete shall have on file a medical history up-date, signed by pupil and parent, asserting there has been no significant change in health since the last physical examination. Any pupil significantly ill or injured during this interim shall be re-examined by a physician in order to be eligible.
