

Instructional Time — Schedule

The Superintendent, in conjunction with the building principals, will develop and present to the school board, prior to the beginning of the school year, a schedule that specifies the distribution of instructional time for each of the core content areas listed in the New Hampshire Code of Administrative Rules, Section Ed 306.26(b). Review and adoption of this schedule by the school board will occur annually.

Data related to student performance, curriculum frameworks, and grade level expectations shall be considered when developing this schedule.
