

**PROGRAM OFFERINGS**

**Preschool Session—** (8:30-11:00 AM) We provide a safe and healthy environment that allows children to learn by play! We use 'The Creative Curriculum', a research-based curriculum that features exploration and discovery for learning with a lot of hands-on learning.

**All-Day Care—**Provides social and emotional support, which are key elements that help children build a strong foundation on which to grow and learn. This program includes the preschool session, lunch, rest/quiet time and additional learning opportunities.

**Before and After School Care—**First and foremost, it is our goal to develop positive and supportive relationships with the children and families we serve. Our program offers a balance between teacher directed and child directed activities and projects. We provide breakfast, snack, homework help, gym or playground play and encourage a sense of community and respect for others.

**Summer Care—**We offer age appropriate activities, including gym time, exploring the great outdoors, water play, team sports, arts and crafts, and field trips each week. We offer flexible schedules during the summer, which allows children to participate in the school district's summer academy.

(Summer and No School Days)

North Scott Child Care will accept children ages 2-12 years old. Before children are accepted into the center, the parent/guardian must complete all enrollment forms prior to their first day of attendance.

\*Effective 8/22/2018, subject to change

# Philosophy And Goals

North Scott Child Care's focus is on the development of the whole child. Our primary goal is to help young children use the environment productively and see themselves as individuals who are developing the skills and understandings that will enable them make sense of the world and to succeed.

Our program fosters creativity in both children and teachers. Children's creativity is supported by providing a safe environment that encourages them to try new things and to risk making mistakes. Teacher's creativity is supported by a program framework that encourages them to be innovative and responsive to the needs of the children. By focusing on both teachers & child, North Scott Child Care's program provides an environment in which they can thrive.
