

Comprehensive Improvement Plan for Schools

Rationale

School improvement efforts focus on student needs through a collaborative process involving all stakeholders to establish and address priority needs, district funding, and closing achievement gaps between identified subgroups of students. Additionally, schools build upon their capacity for high-quality planning by making connections between academic resources and available funding to address targeted needs.

Operational definitions of each area within the plan

Goal: Long-term three to five year target based on Kentucky Board of Education required goals. Schools may supplement with individual or district goals.

Objective: Short-term target to be attained by the end of the current school year.

Strategy: Research-based approach based on the 6 Key Core Work Processes designed to systematically address the process, practice or condition that the district will focus its efforts upon in order to reach its goals/objectives.

Activity: The actionable steps used to deploy the chosen strategy.

Key Core Work Processes: A series of processes that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

Measure of Success: the criteria that you believe shows the impact of our work. The **measures** may be quantifiable or qualitative, but they are observable in some way. Without data on what is being accomplished by our deliberate actions, we have little or no foundation for decision-making or improvement.

Progress Monitoring: is used to assess the plan performance, to quantify a rate of improvement based on goals and objectives, and to evaluate the effectiveness of the plan.

Guidelines for Building an Improvement Plan

- There are 6 required District Goals: Proficiency, Separate Academic Indicator, Achievement Gap Closure, Graduation rate, Growth, and Transition readiness.
- There are 5 required school-level goals:
For elementary/middle school: Proficiency, Separate Academic Indicator, Gap, Growth, and Transition readiness.
For high school: Proficiency, Separate Academic Indicator, Gap, Graduation rate, and Transition readiness.
- There can be multiple objectives for each goal.
- There can be multiple strategies for each objective.
- There can be multiple activities for each strategy.

1: Proficiency Goal

Goal 1 (*State your proficiency goal*): Increase the averaged combined reading and math K-Prep scores for elementary students from 78.65(avg. of reading/math 17/18 results: 54.9 in 15-16) to 80 % in 2020-2021.

Objective 1 By May 2019 70% of our students will score at or above proficiency in reading and Math combined.	KWP 4: Review and Analyze Data: Teachers will continuously provide differentiated instruction that meets the needs of all students and will monitor progress. Student Data sheets will monitor MAP/STAR progress.	In PLC meetings teachers will analyze and compare assessment data to monitor student progress and guide instruction. Formative/Summative/Math Benchmark/Reading Benchmark data, universal screeners, progress monitoring and a focus on test item analysis will be used to systemically gather data, reflect and make adjustments to instruction. 2: Separate Academic Indicator

Goal 2 (*State your separate academic indicator goal*): Increase the separate academic indicator score from 71.3 in 2017-2018 to 80% in 2020-2021.
