

WIN 2 ROBO E3 3D Printers for your school!

From primary and secondary schools to colleges and universities, The Meemic Foundation wants to ensure that schools have the tools to expand learning experiences as well as enrich STEM knowledge. Through our partnership with Boxlight, we are excited to present this grant opportunity!

The Meemic Foundation will give away a **Robo E3 School Bundle to 30 schools.**

This consists of the following:

- **Two (2) Robo E3 3D printers**
- **Two (2) 10-packs of PLA (4 black, 4 white, 4 red, 4 blue, 4 green 500g spools of 3D printing material)**
- **MyStemKits School Plan – up to 10 licenses for a school with UNLIMITED kit printing and design challenge access on the MyStemKits.com platform for three years**

The Robo E3 3D printers are combined with standards-driven curriculum resources in this bundle. MyStemKits.com is home to the world's largest library of STEM curriculum for 3D printing, design, robotics, coding and virtual labs. All content is aligned to common core, NGSS and state standards.
