

Pathways

From [Faith and Family Life Catholic Ministries](#)

The Mission of this ministry is *To Rebuild the Church one Family at a Time*

The Pathways Formation suites are designed to create and provide innovative and relevant resources to assist families in making the home the cornerstone for faith sharing and development. This program also will support and train parents in their role as the primary educators of the faith.

Family Faith Formation

Digital Resource

Families Forming Disciples

from the Archdiocese of Atlanta

Families Forming Disciples is a hybrid, family-focused, thematic-activity **approach where groups** of families meet with catechists (in-person or virtually) to encounter the Lord together and to encourage each other to live as the Domestic Church in and through their home and family life. The Archdiocese of Atlanta offer all of the resources for this program free on the website and can be accessed at evangelizationatl.com

Generations of Faith

Generations of Faith, a model which welcomes people of all ages into the learning and faith sharing process, has been a resource for parishes for over twenty years. This project, rooted in research, supports the General Directory for Catechesis (1997) and its call for a lifelong approach to faith formation with the parish community at the center of catechesis. It is an events-centered approach that focuses on the events of Church life: Church year feasts and seasons, sacraments and Church rituals, justice and service, prayer and spirituality, and community life. All of the resources from Generations of Faith will be available on-line at no cost later this spring

Looking to design your own model of family faith formation?

Schedule a consultation with Kelly Henderschedt, Archdiocesan Director of Faith Formation to begin the design process.

Family Formation

<https://www.familyformation.net/>

The Church of Saint Paul in Ham Lake, Minnesota decided years ago to create a model of faith 'formation that engaged parents and equipped them for the role of evangelizing their children.

After many years of developing their program, they have created a resource that is being used successfully at hundreds of parishes around the country. Watch this [informational webinar](#) to learn more.

Growing up Catholic Faith Stories

From [The Pastoral Center](#)

A whole family catechetical series for adults, children, and teens for at-home formation and/or facilitated parish sessions. The story-based approach focuses on the core of our Catholic faith and coaching parents to share their faith with their children.
