

Welcome to Eden Prairie Schools!

EDEN PRAIRIE SCHOOLS
Inspiring each student every day™

Our mission is to inspire each student every day.

98% of parents rate the district's teaching as excellent or good.

Our kindergarten and first grade class sizes are among the lowest in the west metro, and we are prioritizing small classes in third to fifth grade.

Our classrooms reflect the world around us.

49% of our students are non-white, and our families speak over 80 unique languages.

Our students are high achievers.

The Eden Prairie High School Class of 2021 had an ACT average of 23.9, two points higher than the state average. 43% of our high school students are enrolled in at least one Advanced Placement course.

We value student voice.

Our graduates are prepared for college and career.

New Pathways courses allow students to complete Capstones in areas of interest – Business & Management, Engineering & Technology, Communication & Entertainment, Natural & Applied Sciences, and Civic & Social Service – that are recognized on their diploma.

We offer the nation's largest variety of co-curricular opportunities.

Our residents receive a high educational value at a low tax rate.

The City of Eden Prairie's school property taxes are lower than most neighboring school districts, including Minnetonka, Edina, Wayzata, and Eastern Carver County.

Our success is recognized statewide.

We earned the highest-possible rating of A+ from school review site *Niche.com* and were named one of Minnesota's top five school districts in 2022. In 2021, Eagle Heights Spanish Immersion and Central Middle School were named among the best schools in Minnesota by the Star Tribune's "Minnesota's Best" competition.
