

SUMMER SATELLITE ACADEMY 2022

The Summer Satellite Academy is a partnership with West Sound Tech Skills Center and the Peninsula School District.

The partnership allows us to offer students entering 9-12th grade engaging and fun career and technical classes that are free to students.

All classes provide high school credit in career and technical education and some classes help students with other graduation requirements too!

WHEN

- Tuesday, July 5 – Friday, July 22
- 8:00 a.m. – 3:00 p.m.

WHERE

Peninsula High School
14105 Purdy Drive
Gig Harbor, WA 98332

MORE INFO

- Students entering 9th grade or higher
- All courses are at no cost to families
- Includes free breakfast and lunch
- Free transportation available to PSD students

AMERICAN SIGN LANGUAGE (ASL)

.5 Credit | CTE & World Language Grad Requirements

This class will introduce you to the language and culture of Deaf people in the United States. We will focus on specific language and cultural behaviors, as well as introduce students to the grammar of ASL. You will learn to use both expressive and receptive skills through interactive activities.

COLLEGE, CAREER & FINANCE EXPLORATION

.5 Credit | CTE and a Grad Requirement in PSD

CCFE equips you with the knowledge and skills that will help connect high school to your plans after you graduate with education and employment. You will explore careers, college opportunities and understand the steps to achieve success. You will learn about being a consumer, a saver, and a planner!

DIGITAL PHOTO

.5 Credit | CTE & Art Grad Requirements

You'll learn and apply the basic elements of art and the principles of design using the digital camera and photo software as your tools. You will get to know digital photographic equipment, materials, methods, and processes. Visual problem-solving skills are explored using the computer and software.

ENVIRONMENTAL SCIENCE

.5 Credit | CTE & Science Grad Requirements

This is an introduction to the study of the natural world and how it is influenced by human activity. Students will explore the patterns and processes of Earth and how these are affected by natural and human impacts. You will learn about the environment specific to our area with field trips.

HEALTH

.5 Credit | CTE Grad Requirement

Health includes the physical, mental, social, and emotional aspects of wellness. You will learn about body systems, nutrition, develop goals, resolve conflict, and analyze responsibilities related to human sexuality, the use of drugs, disease transmission, and First Aid/CPR.

GRAPHIC DESIGN

.5 Credit | CTE Grad Requirement

You will be exposed to the skill of visual communication to represent ideas and concepts through the design process. Using critical thinking skills, collaboration, and feedback, you will find creative visual solutions while designing many of your own projects.

FORENSIC SCIENCE

.5 Credit | CTE & Science Grad Requirements

Forensics Science studies the field of criminalistics - its ideology, techniques, and careers. Students will learn from case histories and mock crime scenes for practicing proper evidence selection, collection procedures, storage of, and processing of evidence. Topics include: The logic of Forensic Science, Judicial System Basics, Crime Scene Protocol, Fingerprints, Hair & Fibers Analysis, Trace Evidence, Blood serology.
