COVID-19 Guidelines - May 2022 Update

Dear Newmark Parents,

Thank you for your continued help to keep our students and staff healthy and safe at Newmark. We appreciate you checking your emails for timely updates.

Unfortunately COVID-19 has not disappeared. As we venture into more group settings this spring, exposure continues to be a risk. Throughout the state, COVID-19 cases continue to be reported but fortunately, hospital stays are lessening. As we move into the Spring Phase of the pandemic/endemic, please note the following:

- **CLOSE CONTACT:** If your child is a close contact exposure (especially if contact is a household member), your child can come to school but is required to wear a KN95 mask at Newmark for 5 full days after exposure. They will also eat at a single table at lunch time. The NJ Department of Health recommends testing at Day 5 if they have no symptoms. If they have symptoms then testing should be done at the sign of initial symptoms.
 - Newmark is NOT requiring testing unless they have symptoms. The test results can be sent to Nurse Carroll at ecarroll@newmarkeducation.com or covid@newmarkeducation.com. If your child has symptoms, they should not attend school until the test results are confirmed and sent to Nurse Carroll.
- **TRAVEL:** If your child travels outside of the tristate area for more than 48 hours, please contact Nurse Carroll to review in school protocols. For any student who may be subject to unknown COVID-19 exposure because of travel, they will be required to wear a mask at school.

As a reminder, if your child is fully vaccinated, please send a copy of your child's Vaccination card to covid@newmarkeducation.com so their vaccination card on file with the nurse can be updated. If you have already sent your child's vaccine card to Newmark, there is no need to send again.

Please continue to reach out to me at rpeter@newmarkeducation.com if you have any questions or to covid@newmarkeducation.com regarding specific issues.

Sincerely,

Dr. Regina M. Peter
Executive Director
