## From Principal Donica's Desk *The Road to Success*

Preparing our students for academic and social success during as well as after high school is a large part of our mission at Bluffton High School.

Individual Graduation Plans (IGP) are extremely important in the process of carving out the best possible academic path for each student. During the IGP meetings, parents and students meet with guidance counselors to determine the best course pathway for the student. Our Guidance department is making their way through the freshman IGPs and will start on sophomore IGPs in mid-February. Students should not be afraid to challenge themselves with honors and/or Advanced Placement courses. Colleges and universities are looking for students that show a diverse course load.

There are also some important standardized tests coming up during second semester.

- AP tests are scheduled for May 2<sup>nd</sup> through the 13<sup>th</sup>
- SAT and ACT testing for juniors in March
- ACCESS testing for ESOL all grades through the end of March
- MAP testing for freshman and sophomores the first week in April
- Senior exams start 5/10/22
- Underclass exams start 5/19/22

(more detailed information on page 2)

Thank you for all you do to support your child and Bluffton High School.

### From the School Nurse

New CDC requirements have been put into place regarding Covid for this semester. **Important information to know:** 1. Exposed students who are vaccinated or max vac (18 yrs. +) will need to wear a mask for 10 days-no quarantine required. 2. Exposed students who must quarantine can return on day 6 with a negative Covid test result. 3. To return on day 6 after a positive Covid test, the student must be fever free for 24 hours (with improved symptoms) and a parent note must be provided. 4. Exposed students who do not test will quarantine for 10 full days. 5. Covid related absent students are invited to Zoom into their classes. If students Zoom in, they will be marked Virtually Present.

### National Honor Society

The next opportunity to donate blood is 2/10! The blood drive will take place at BLHS from 9:00 am to 2:00 pm. Students can see Mrs. Geer in room 1040 to sign up.

### Teacher Feature

**Subject:** Parent Newsletter Information

Good Morning and Happy New Year!

I am seeking information for our parent newsletter (covering dates 1/14-1/28).

I would love to have the following items:

1. Pictures of cool things you are doing in your classrooms or clubs.
2. Any information about activities, clubs, fundraising, meetings, etc. that would be important for parents to know.
3. Any athletics or Guidance information
3. Students spotlight-are there any students in your classes that truly exemplify the Bobcat spirit? Or they are going above and beyond in their academic work, sports, or extracurricular activities?

If so, send me the name of the student and a 2-3 sentence explanation about why this student is a spotlight student.

I will need the information by next Tuesday, January 11<sup>th</sup>.

Thank you so much.

Jessica

# Bluffton High School announces new football coach

BLUFFTON – This afternoon Bluffton High School announced newly hired football coach, Hayden Gregory.

Gregory served as offensive line coach/run game coordinator for Collins Hill High School in Atlanta for five seasons. During his tenure, Gregory helped lead the team to an undefeated season. Last season, Collins Hill was ranked #3 in the country, won the GA 7A state championship, and appeared in the GEICO State Champion Bowl Series in Las Vegas in December.

“The success that we had at Collins Hill did not happen by accident,” said Gregory. “I believe I can take the same blueprint to build Bluffton to its highest possible potential.”

Gregory also served as defensive quality control coach at Mercer University in Macon GA, where he played as a collegiate athlete prior to coaching there. During his secondary years, Gregory played at Grayson High School where he was a team captain and won a state championship under Head Coach Mickey Conn who built one of the best High School programs in the entire nation before he left to coach at Clemson in 2017.

“My experiences have given me invaluable lessons in how to run a successful program,” said Gregory. “I look forward to taking Bluffton football to the next level.”

“We searched for someone who cares about the well-being of student-athletes and will grow them in all facets, a high-energy individual that we felt would immediately gain player buy-in, has a proven record of success on and off the field, tremendous history of helping to get his players to the next level and an individual who understands the impact the team can have in the school and our community,” said Todd Stewart, Bluffton High School Athletic Director. “We found our clear next head football coach in Coach Gregory.”

Holding a B.A. in History and Religion minor from Mercer University, as well as an M.A. in Teaching, Gregory will also be teaching social studies classes at Bluffton High School.

Gregory and his fiancé [REDACTED] celebrating his GA 7A state championship win this past December.

# Hayden Gregory

## Contact Information:

11/18/21

Athletic Director Stewart,

My name is Hayden Gregory and I am the offensive line coach/ run game coordinator for Collins Hill High School. I am writing because I am interested in your head coaching opening at Bluffton High School. I am currently in my 5<sup>th</sup> season at Collins Hill and as you know our program has had a lot of success in recent years. This season we are currently 11-0 and are ranked #4 in the entire country. The success that we have had at Collins Hill has not happened by accident and I believe that I could take the same blueprint to build Bluffton to its highest possible potential. When our head coach and I took over the Collins Hill football program 5 years ago together Collins Hill was coming off of a 2-8 season, player grades were horrendous, and the booster club was in terrible debt. 5 years later we are not only a nationally ranked football team, but we are also extremely financially stable, and our student athletes are Graduating at an extremely high rate. .

Before arriving at Collins Hill I was a Defensive quality control coach at Mercer University in Macon, Georgia and prior to that I was a member of the Mercer University football team. Before I was at Mercer I played my high school career at Grayson High School where I was a two year starter, team captain, and our team won the state championship. At Grayson I played for Mickey Conn who built one of the best High School programs in the entire nation before he left to coach at Clemson in 2017. Being a part of great football

programs like Grayson, Collins Hill, and Mercer have given me invaluable lessons in how to run a successful program and the knowledge and experience I possess through my experiences at these programs gives me the confidence to believe that I can greatly improve the Bluffton football program.

I understand that this job would be a big challenge, but I am also a firm believer that the formula to building a winning football program can be applied to any program in the country and if it is installed correctly it will produce positive results. The biggest reason why I believe I am such a good candidate for this job is because I know this formula better than anyone. I am a young, energetic, positive, and extremely hard working football coach and these character traits along with my knowledge about building a program and the game of football itself give me the confidence to know that I am a great candidate for this position.

Thank you for taking the time to read my letter. My resume will provide more information on my career and the success I have had. Good luck to you as you go through this process. Hope to hear from you soon.

Sincerely,

*Hayden S. Gregory*

## **Coach Hayden Gregory Bio**

Coach Hayden Gregory is coming to Bluffton High School after his 5<sup>th</sup> season serving as offensive line coach and run game coordinator for Collins Hill High School, GA. Their program has had a lot of success in recent years, including an undefeated season, GA 7A state champions in 2021 and an appearance in the GEICO State Champions Bowl Series in Las Vegas in December. Collins Hill was ranked as high as 3<sup>rd</sup> nationally last season. When their staff took over the Collins Hill football program 5 years ago, Collins Hill High School was coming off of a 2-8 season. Along with a nationally ranked football program, their staff focused on team academics and financially stabilizing their booster club.

Coach Gregory also served as varsity football recruiting coordinator at Collins Hill for three seasons. Those duties included monitoring players test scores and grades, communicating with college coaches across the country, creating highlight films for players and marketing them to potential colleges and helping players set up visits to potential schools of interest

Before arriving at Collins Hill, Coach Hayden Gregory was a Defensive Quality Control Coach at Mercer University. He was played for the Mercer University football team prior to coaching there. Coach Hayden Gregory played at Grayson High School where he was a team captain and won a state championship under Head Coach Mickey Conn. Conn built one of the best High School programs in the entire nation before he left to coach at Clemson in 2017.

Maynard

In addition to success on the field, how do you promote academic success amongst your student-athletes?  
As the head coach of the football program, how help other athletics in the school be successful? Is it important to encourage your players to participate in other sports during the offseason, i.e. wrestling, basketball, etc.?  
How important do you feel success in football is to building an overall atmosphere of school pride in the student body? What can you do as head coach to promote this attitude amongst the student body?

**Subject:** RE: Football Coach Interviews

In addition to success on the field, how do you promote academic success amongst your student-athletes?

As the head coach of the football program, how help other athletics in the school be successful? Is it important to encourage your players to participate in other sports during the offseason, i.e. wrestling, basketball, etc.?

How important do you feel success in football is to building an overall atmosphere of school pride in the student body? What can you do as head coach to promote this attitude amongst the student body?

Mr. Stewart,

I appreciate the email back. I at least know you got my information, and I am not sitting in limbo of knowing if it went through or not. I hope you have a good rest of your week; I know things are hectic going into Thanksgiving Break for everyone but especially with everything administrators are having to deal with.

Mr. Stewart,

I know you are busy with multiple things on your plate as of right now. I would like to forward you my resume' and let you know of my interest in the Head Football Coach position at your school. I have applied online through the Beaufort School District website. I have been coaching football since 2002, I have been with Coach Victor Floyd since 2006. I spent 2 years with him at Chester HS before going to Brunswick, GA and coming back to Chester in 2015. This is our 7th year back at Chester HS. When we left Chester in 2008 we had

just played for the AAA State Championship and lost to Wilson by 2pts. We rebuilt the program at Brunswick and brought the spread to South Georgia, we were the first team in South Georgia to use the spread. Most teams down there were I-formation, wing-T, and even Wishbone. Since coming back to Chester, we have had to rebuild the program. In 2018 we completed a 15-0 season. It is the first in Chester HS history, we also won the first state championship in a male sport at Chester HS in the modern era of desegregation. This year we are currently 9-3 and in the 3rd Round of the 3A State Playoffs. I have been a loyal assistant to Coach Floyd for 16 years, he knows that I am contacting you. The Bluffton job is a dream job for me. I am married to a woman who is from St. Simons Island and I would like to get closer to her family. Beaufort is two hours from her family. I believe Bluffton High School has the make-up to be a sleeping giant in football with the right guidance. Bluffton to me is a school that I would love to go to and retire from. I am a loyal person, and do not look to be a job jumper. I want to plant roots in a community and raise my 3 year old son in the one community he starts school. I have served as the Offensive Line/Offensive Coordinator/ Assistant Head Coach for Coach Floyd for the last 14 years. Please take a look at our offensive output on the resume' I have attached, I do not want to take your time up in this reading with the stats. We changed our Offense to more of a Power Run game out of the Spread because of the number of returning offensive lineman that I had coming back as well as the number of running backs we had in the program. Please feel free to contact me [REDACTED] with any questions or Coach Floyd [REDACTED] with any questions about me. Coach knows that I am interested in your position of Head Football Coach and is supportive of me and would speak to you about any and everything you would care to ask.

To Whom It May Concern:

This letter of recommendation is written for Christopher Dodson with much pleasure because of the potential I feel Chris has. I know he can have a positive effect on student athletes.

As the Head Coach at Chester High, I have observed Chris's coaching styles in baseball, softball, and football. Under my program, he served as Offensive Coordinator and Offensive Line Coach, and shared Strength and Conditioning duties for sixteen years. Chris has ran the weight room for summer workouts and during the football season. The offense averaged 32 points per game over the past sixteen years. He has won Assistant Coach of the Year in our area along with helping produce numerous college signees.

His leadership and communication skills with his team were exceptional. He has never given me any reason to doubt his judgement on and off the job. I have never seen him lose his composure, even in difficult game situations and challenging parental discussions.

Chris demonstrates a good work ethic with good leadership abilities and excels in technical and organizational skills. He worked hard for us, has proven to be punctual and worked with a high level of quality. Many of his weekends were given up for home visits, games, team camps, taking athletes to college visits, and assisting in community events. Coach Dodson has shown great initiative in getting scholarships for athletes in not only football but also baseball, softball, and basketball.

Time and time again, Coach Dodson has shown his love for sports, education, and the development of young athletes. He is not afraid to make the call in team situations. I give my highest recommendation for he is one incredible coach and individual.

Sincerely,

Victor D. Floyd  
Chester High School Head Football Coach

To Whom It May Concern,

It is my pleasure to recommend Chris Dodson for the Head Football coaching position at Bluffton High School.

Chris and I have worked together from 2006 to 2007 and he returned in 2015 to present. I was not just his athletic director but we also worked together on the varsity football coaching staff.

During both times, he has displayed tremendous leadership qualities. He has great knowledge of the offensive line, offensive play, and the game of football. He gets the most out of his players by creating ways to better enhance his players' abilities. I have seen this by the way he has coached both football and softball for the last three years. He volunteered to coach softball because I could not find a quality candidate. He took the reins and has done a fabulous job.

Chris takes initiative to do things when he sees it necessary. If the equipment room needs to be organized, he gets it done without someone asking him. If the gym needs swept, he will sweep it. If he sees a player having a bad day, he sits with him and talks to him or her.

Chris has always been someone that will carefully organize a practice plan, a game plan, a strength and conditioning plan and a plan to build his program. The relationship with his players are genuine and caring. He will demand his players to represent the team, school, and community in a positive way at all times. Chris will enforce consequences of negative actions by players and then speak with the player or players about the importance of doing things the correct way. He will promote the importance of academics by having study halls, implementing grade checks, etc.

Chris has been a great asset to Chester High and Chester High Athletics. He has been a joy to work with and our working relationship has been great. To be honest, I would hate to lose Chris but I know his aspirations are to become a head football coach. I think with his background and strong desire, he is ready to become a head football coach.

Sincerely,

A handwritten signature in black ink, appearing to read "Ricky Campbell", written in a cursive style.

Ricky Campbell  
Athletic Director

To whom it may concern:

My name is Vicki Tunall and I am the President of the Chester High School Booster Club, a business owner and parent. I have known Chris Dodson for 8 years and seen how he is the best mentor, coach and role model to our young people. For over 6 years as the Booster Club President, I worked closely with Coach Dodson in providing our student athletes with the best advantages we could possibly obtain for them. I have seen Coach faithfully give of his time and talents without hesitation. I have seen him take students on recruiting visits on his own time and expense. I once asked him why and his answer was simple, "I only want the best for our kids." Coach Dodson treats the students past, present, and future all with their best interests in mind. I've watched him mentor or father young men that was missing that in their lives. I have watched parents come to him when their child was doing things that they didn't approve of, for help. He has helped players obtain items they needed for college whether it be money for food, books or sheets for their dorm room, he has gotten the kids what they need. Coach Dodson and I worked together on several grants for the athletic department and without his help and guidance, I honestly don't think we would have successfully received the grants. Coach Dodson's wealth of experience and knowledge with the grant process along with his connections were how we were able to purchase an entire new weight room. The weight room had not had new equipment since I was a student at Chester High in the 80's.

My son was coached by Coach Dodson on the Offensive Line, with the teaching and coaching which he provided my son, he is now at the University of North Carolina on a full scholarship playing football. We have had students reach the Shrine Bowl, The North South Game, runner ups for Mr. Football and so many more accolades that I had never heard of until Coach Dodson and his coaching colleagues came to Chester. I watched Coach Dodson be a leader on a staff that turned around an out of control football team with no discipline, no respect and no wins. It took a few years, but each year was better than the year before. That same core team became the 2018 State Champions. Something that has not happened at Chester High School in 55 years. Those coaches and young men made history.

I highly recommend Coach Chris Dodson as Head Coach. I have all the faith and trust in his abilities, his character and him as a person. I feel as he would be a valuable asset to any school that is lucky enough to have him as a Head Coach. It is heartbreaking to think of him leaving our school but at the same time it is time for him to shine. He is ready to lead his team and put all his talents to work for a team he builds. If you want a Coach and a Coach's wife to love your kids but at the same time lead them with a firm belief in respect, discipline, academics, family and winning then Coach and Mrs. Dodson are your Head Coach.

Respectfully,

*Vicki Tunall*

April 18, 2022

Dear Administrators:

My name is Christopher Dodson and I am writing this letter to express my interest in the position of Head Football Coach at Bluffton High School. With this letter I have included a resume.

I currently serve as the Assistant Head Coach / Offensive Coordinator / Offensive Line Coach at Chester High School in Chester, SC. I was a part of the 2018 AAA State Champion Chester Cyclones, the 2007 AAA State Championship Runner-Up Chester Cyclones, as well as 5 Region Championship Teams. I have worked over 60 college camps in the last twenty years providing me great experience and a wide range of contacts. I have also helped to rebuild three different high school programs, including turning Chester into a perennial playoff team and winning the first football state championship in 55 years. In the last six years, I have earned a Master's in Education and been recognized for my work in the classroom and on the field at Chester High School.

- I have experience in working with a very diverse student population. I have coached at small schools and large schools, high income and low income, and rural and urban environments. I have also been able to work at a wide variety of schools with different ethnic demographics. I feel that these experiences have allowed me to grow as an educator in terms of connecting with young people of different backgrounds.
- Over my career in 20 seasons, the teams I coached have won or been in the mix for the Region Championship each and every year. More importantly, these same programs have sent over 70 young men to the college level with some form of football scholarship. I have been fortunate to have been surrounded by quality coaches and quality young men who took advantage of their opportunities.
- Being involved with such high caliber people over the previous years has taught me the things necessary to build a program capable of being successful on a year-in, year-out basis. I have experience with fund-raising, promoting student-athletes to college recruiters at all levels, developing academic plans to make student-athletes more successful in the classroom, and growing community involvement in a variety of situations.
- The experiences I have encountered throughout my nineteen year career, in many different socio-economic communities, have helped me see the need for a strong, educated, disciplined, and organized male figure in the young males of today's society. Many young men lack a positive male role model in their life, and I would like to contribute to my community by helping save some young men that sit in the very place I once was and provide them an opportunity to be successful and productive young men in our society.

I see myself as an educator first, both in the classroom and on the field. I feel, if used properly, football is one of the best educational tools available for young men. I welcome the opportunity to speak with you more about the position.

Sincerely,

Christopher Dodson

Mr. Stewart,

I know you are busy with multiple things on your plate as of right now. I would like to forward you my resume' and let you know of my interest in the Head Football Coach position at your school. I have applied online through the Beaufort School District website. I have been coaching football since 2002, I have been with Coach Victor Floyd since 2006. I spent 2 years with him at Chester HS before going to Brunswick, GA and coming back to Chester in 2015. This is our 7th year back at Chester HS. When we left Chester in 2008 we had just played for the AAA State Championship and lost to Wilson by 2pts. We rebuilt the program at Brunswick and brought the spread to South Georgia, we were the first team in South Georgia to use the spread. Most teams down there were I-formation, wing-T, and even Wishbone. Since coming back to Chester, we have had to rebuild the program. In 2018 we completed a 15-0 season. It is the first in Chester HS history, we also won the first state championship in a male sport at Chester HS in the modern era of desegregation. This year we are currently 9-3 and in the 3rd Round of the 3A State Playoffs. I have been a loyal assistant to Coach Floyd for 16 years, he knows that I am contacting you. The Bluffton job is a dream job for me. I am married to a woman who is from St. Simons Island and I would like to get closer to her family. Beaufort is two hours from her family. I believe Bluffton High School has the make-up to be a sleeping giant in football with the right guidance. Bluffton to me is a school that I would love to go to and retire from. I am a loyal person, and do not look to be a job jumper. I want to plant roots in a community and raise my 3 year old son in the one community he starts school. I have served as the Offensive Line/Offensive Coordinator/ Assistant Head Coach for Coach Floyd for the last 14 years. Please take a look at our offensive output on the resume' I have attached, I do not want to take your time up in this reading with the stats. We changed our Offense to more of a Power Run game out of the Spread because of the number of returning offensive lineman that I had coming back as well as the number of running backs we had in the program. Please feel free to contact me [REDACTED] with any questions or Coach Floyd [REDACTED] with any questions about me. Coach knows that I am interested in your position of Head Football Coach and is supportive of me and would speak to you about any and everything you would care to ask.

Thank you,  
Christopher Dodson

Dear Ms. Donica,

I am Chad Wilkes, Head Varsity Football Coach at Lamar High School. I would like to express sincere interest in your Head Varsity Football Coach opening at Bluffton High School.

As I complete my 5<sup>th</sup> year as a Head Coach, I have a career record of 40-14 (as of the first round of playoffs), 3 Region Championships, an appearance in the Lower State Championship game, and an appearance in the Upper State Championship. I have also been named Class A Region 2 Coach of the Year three years in a row and Class A Region 5 Coach of the year in 2017. In every season I have been a Head Coach, I have had players selected to play in the Shrine Bowl or North/South All-Star game. My playing career included 2 state championships as a player at Cheraw High School before playing defensive back at the University of New Hampshire where I was named to the All-CAA Academic Team and won the CAA Commissioner's award.

In the first season under my system in 2019, Lamar High School increased scoring by over 9 points per game and increased the total yards output by over 150 yards per game; despite the program losing 4 of its starting offensive linemen and its top 2 receivers to graduation from the previous years' team, and we have sustained that success. I increased scoring in my first year at C.E. Murray by over 11 points per game and our quarterback went from having 800 yards passing and 8 touchdowns under the previous coach to 2,224 yards passing with 30 touchdowns and only 5 interceptions with me. I have had 4 different Quarterbacks in my 4 years as a Head Coach and each one of them have been named to the All-State team or All-Zone Team. I am also the only coach with a career winning percentage over .500 in the history of the C.E. Murray football program. With all of that, the thing that I am most proud of is that our players do things the right way. Working to develop young men into great citizens and winners is my passion and I spend all of my time and energy doing that; I believe in character building and academics first.

I focus as much on building relationships and trust with the kids as I do on scheme because if you can build kids into great people and they believe in the coach, then they will run through a brick wall if that is what it takes to win. I do this with every player we have on the football team. I was able to develop that here at Lamar and at C.E. Murray and I believe that I could unequivocally do that at Bluffton High and turn it into a perennial state powerhouse.

From a football standpoint, I have gotten it set up here at Lamar to win for a long time however, I believe that Bluffton High is a place where I can go and build a winning tradition. If

the administration is aligned with myself and the football staff with doing everything it takes to develop kids on and off the field, then I have no doubt that Bluffton Football can be highly successful and that should be the standard at Bluffton. My enthusiasm, work ethic, and extreme desire to win will help build up the program. Being somewhere that I can continue to build a winning tradition on the field while building young men with high character off the field is a very exciting prospect for me.

You can call me or email me at absolutely anytime night or day. I would love the chance to talk about this great opportunity. My cell number is [REDACTED]. My resume is attached. I look forward to hearing from you.

Thank you so much,  
Chad Wilkes
