

Accessing Test Scores in ParentVUE

Step 1

From the ParentVUE log-in screen, select the student for which you want to see test scores.

ParentVUE log-in: <https://parentvue.beaverton.k12.or.us/>

If you have not previously created a ParentVUE account, contact your school's front office to obtain an Activation Key.

Step 2

If you are using a computer, click on the name of the student for which you want to see the test scores. Next, on the left-hand side of your screen, you will see a list of types of information available for your student. Select Test History from near the bottom of the list.

If you are using a phone, your screen will show a list of students. Select the student for which you want to see the test scores. Your screen will then show a list of types of information available for your student. Scroll to the bottom of the list and select Test History.

Step 3

From the Test History page, you will see all of the state and national tests your student has taken at the Beaverton School District. Some out-of-district scores may also be available.

On both the phone and the computer, click on a specific test section to see both a horizontal scroll bar which will allow you to see columns to the right of the columns that are displayed.

On a computer, you can navigate these scroll bars using the arrow keys or by clicking the scroll bar itself.

On a phone, you can navigate the scroll bars by moving your finger to the left or right.

For additional information about how to read the test scores:

Step 1

If you are using a computer, scroll to the top of the window to see the types of information available for your student. Select Parent Bookmarks from the list.

If you are using a phone, click the Navigation button at the top of the screen. This will bring you back to the original list of types of information available for your student. Scroll to near the bottom of the list and select Parent Bookmarks.

Step 2

Click on the Parent Bookmarks link. This will open a link in your web browser. This district webpage contains many apps and resources for parents.

Step 3

Scroll to the bottom and select "Student Assessment". This will bring you to the district webpage for Assessment. Select your child's grade level near the middle of the page and then select the assessment you want to learn more about.
