

## GUIDANCE PROGRAM

A guidance and counseling program will be incorporated into the curriculum in kindergarten through grade 12 to aid each student in developing his/her capacities, interests, and ambitions.

The guidance and counseling program will be under the supervision of the principals and the director of student services and will be carried out by trained school personnel.

The district's guidance services will include programs in the following areas: vocational, general education, personal development, placement, appraisal, research, and follow-up programs.

Guidance services will be available to all students.

The District shall not discriminate in the methods, practices and materials used for counseling or evaluating of students on the basis of sex, race, national origin, religion, ancestry, color, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap. This does not prohibit the use of special counseling materials or techniques to meet individual needs of students. Discrimination complaints shall be processed in accordance with established complaint procedures.
