

EMERGENCY NURSING SERVICES

453.1

Emergency nursing services shall be made available in the District in accordance with state law, District policies and procedures during the regular school day and during all extra-curricular events and field trips. Emergency nursing services is defined as the services and procedures for handling accidents and illnesses and for administering necessary medications.

In providing emergency nursing services, the District shall,

1. Ensure that emergency nursing services policies, procedures and protocols are developed and provided under the direction of a professional nurse(s) registered in Wisconsin.
2. Arrange for a licensed physician to serve as District medical advisor for emergency nursing services.
3. Ensure that protocols are in place for managing student accidental injury and illness, the administering of medication and the recording of incidents of services provided. Emergency nursing services shall be available during the school day and at all school sponsored activities including but not limited to curricular, field trips, co-curricular and extra-curricular activities.
4. Make available student emergency information, equipment, supplies and space necessary for implementing emergency nursing services in the District.
5. Require an annual review by the Board of Education of the emergency nursing services program.
