

FOOD SERVICES MANAGEMENT

The Board of Education shall assume responsibility as the sponsoring agency for the school lunch program. For this purpose, an annual agreement will be entered into between the Department of Public Instruction and the Board in order to effectuate the purposes of the National School Lunch Act.

The school lunch program in Waunakee will be operated in strict compliance with this agreement by the food services division. This division will be under the immediate direction of the business manager.

The programs will be operated with suitable facilities on a non-profit basis. The Board, through the National School Lunch Act, will be responsible for providing lunches without cost or at reduced cost to all school children who are unable to pay the full cost of the lunch.

The major objective of the school lunch program will be to safeguard and improve the health and well-being of school children. The lunchroom should be considered an educational facility for teaching good dietary practices through the serving of nutritionally adequate and attractive meals.

The Board may contract with a private firm to manage the District's food service program.

All cafeteria food supply items shall be purchased as part of the contract with the private food service management company selected by the Board of Education. The contractor will be encouraged to use local supplier if at all possible.

The Board will approve the prices set for school lunches, and the price of milk.

The District shall not discriminate in school-sponsored food service programs on the basis of a person's sex, race, national origin, color, religion, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.
