

TROUP COUNTY
CAREER CENTER

TCCC Mission Statement

Our Mission

Troup County Career Center supports each student from all backgrounds to achieve at their highest academic degree, as well as prepares each student for success as they develop their career goals.

PERFORMANCE LEARNING CENTER

The purpose of the Troup County Career Center is to support recommended students in an individualized, academic, non-traditional, self-paced credit recovery program that allows them to get back on track toward graduation. The Career Center will also help students become involved in work-based learning programs, investigate internships, and develop employability skills. Student progress will be monitored by the TCCC staff and the base school Graduation Coach. The TCCC staff will provide academic assistance to students as needed. Students will be pre-tested to evaluate their prior knowledge of course material. Courses will be individualized based on student performance on these pretests. Instruction within the TCCC setting will be provided by the Odysseyware online platform.. An individualized schedule will be produced for each student to ensure all credits needed for graduation will be attainable prior to the student's scheduled graduation date.
