California Day of the Teacher – May 11, 2022

Whereas, it is well-known that California has led the country and the world in its contributions to innovation; and

Whereas, California teachers have long set the bar for innovation and creativity in their classrooms; and

Whereas, by nature California teachers seek to bring innovative thought and creativity into their classrooms every day; and

Whereas, California teachers, like their well-educated professional counterparts, continue to add to their own education by completing advanced degrees, coursework, and professional development throughout their careers; and

Whereas, California teachers can't help but be influenced by the innovative, stimulating, and creative atmosphere that surrounds them; and

Whereas, California teachers continually look to enhance Science, Technology, Engineering, and Mathematics (STEM) programs in their schools; and

Whereas, California teachers strive to create an educational community that is inquiry-based, collaborative, and promotes creative thinking by providing teachers with the freedom and support to be great;

NOW, THEREFORE, BE IT RESOLVED that the Board of Education declares May 11th, 2022 as "California Day of the Teacher" to recognize the contributions of more than 1,300 teachers, and commend them for their dedicated service to the students of the Orange Unified School District.
