Operation Safe Child ID Cards

The card contains critical information to aid in a child's search should they ever go missing. Officers from the Sheriff's Office will photograph and fingerprint children and submit their relevant information securely to the New York State Department of Criminal Justice Services (Amber Alert). Parents are issued ID cards to keep for their children.

Senior Medical ID Cards

The Sheriff's Office issues Medical ID Cards that assist seniors or those with medical needs to keep all required medical information available on a small card with them at all times in case of emergency.
