## Why join *THINC HOSA*?

The better question is *why not?*

HOSA (*Future Health Professionals*) is 100% healthcare for students who have the desire to enter into a medical field. Competitive events featured at conferences include knowledge and skills that are sure to be seen again in future education or the workforce. Being a member of THINC HOSA will offer you opportunities to network with other students and healthcare professionals around the state. Active membership will help you develop the leadership skills necessary to become the better candidate by handing you all of the tools necessary to be successful in whatever you choose to do!
