

**PRISONERS OF WAR & MISSING IN ACTION
MEMORIAL CHAIR
EAGLE SCOUT PROJECT
ANDREW GRIVNER TROOP 54 WOODBURY**

HELP ME FUNDRAISE

My name is Andrew Grivner. I am a Freshmen at Nonnewaug High School and a member of Woodbury Troop 54. For my Eagle Scout project, I will be installing a POW/MIA Memorial featuring a stadium chair at the recently renovated athletic field complex. The chair and its informational plaque will serve as a testament to remember those soldiers of the United States Armed Forces who have been captured during battle or who have never returned home. In addition to promoting student and visitor awareness of the unfortunate fate suffered by thousands of United States Armed Service members, the memorial will enhance the town's ongoing recognition of Veterans who live in the community. This project will be funded by donations so that I can complete the installation as meticulously and respectfully as it has been envisioned. Your donation will allow me to construct a circular paver base for the chair, design and install an informational plaque, place solar lighting so the memorial will always remain illuminated, and erect stanchions to keep the chair cordoned off to prevent use.

Any proceeds that exceed those required to fund my project, will be donated, directly by me, to the American Legion's Veterans Strengthening America Fund. Thank you for your kind consideration and interest in my project - your generosity is sincerely appreciated.

Yours In Scouting - Andrew Grivner
