- Student emailed Michelle asking about the possibility of changing the dress code to wear hats, Bountiful Jr is allowing hats, Millcreek is allowing hats on Fridays as an experiment and will let them next year. South Davis allows hats, reports less problems, Principal Richins had an issue last week with students wearing hats saying their parents allowed them to wear hats, Discussion has started with the faculty, Valerie mentioned that

Farmington students collected signatures for hat wearing and the teachers were about ½ and ½ on the issue. Community Council @Farminington voted yes to give it a try. There was some discussion and differing opinions expressed. Some are students are allowed to wear hats for medical reasons. Sometimes this does cause issues since others don't understand why. Discussion was around student behavior and discipline. Teachers at Meuller Park have already been surveyed about the issue. Michelle will reply to the student that the process for discussion has been started, but for now there are still no hats.
