B. PUBLIC FORUM

Listed below are the procedures for addressing the School Board on a topic of interest or concern.

1. Speakers must reside in the District, be a guardian of a student(s) in the District, be a student in the District, or be employed by the District. The School Board will give priority to individuals who wish to address a specific item that is on the agenda for that meeting. After this priority has been applied, any remaining openings to speak - up to the total of ten individuals - will be determined by lot.
2. Public Forum will be open for up to 30 minutes (3 minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic). Speakers are encouraged to avoid repeating comments that other speakers have made.
3. Those who wish to address the School Board must submit a written request to speak before 3:00 pm on the day of the School Board meeting. Requests must be submitted to the following email address: publiccomment@isd624.org, or by phone at 651-407-7563.
4. The School Board Chair will call speakers to the microphone and will recognize one speaker at a time. Speakers must be in person to be recognized. Only those individuals who have been recognized by the School Board Chair will be allowed to speak during the public comment period.
5. School District policy and data privacy laws preclude the School Board from publicly discussing personnel and student matters or data, including information, which, if discussed in a public meeting could violate law or policy.
6. Members of the public may not engage in conduct that materially and substantially disrupts any part of a School Board meeting, or that otherwise impedes the School Board's ability to conduct its business in an orderly and efficient fashion.
7. If a speaker violates any of the established procedures or engages in any prohibited conduct, the Board Chair will rule the speaker out of order.
8. An appropriate school district official may be assigned to contact the speaker with answers to their questions or with follow-up information.
9. A handout on the purpose of the Public Forum and the process is available at each regular School Board meeting.
10. Citizens may be asked to address the School Board on a particular subject during the discussion of that item.

420 STUDENTS AND EMPLOYEES WITH COMMUNICABLE OR INFECTIOUS DISEASES

I. PURPOSE

The School Board will adopt measures effectively responding to health concerns regarding communicable or infectious diseases while respecting the rights of all students, employees, and contractors, including those who are so infected. The purpose of this policy is to adopt such measures.

II. GENERAL STATEMENT OF POLICY

A. Students

The policy of the School Board is that students with communicable diseases **should** not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established in consultation with community health and private health care providers by the school district in its IEP and Section 504 team process. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

The policy of the School Board is that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission, such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether an infected individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case-by-case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the person is infectious), the severity of the risk (what is the potential harm to other people) and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student identified as having a disability, such a determination will be made in consultation with the Individual's Educational Planning (IEP) team.
2. The School Board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious diseases than other persons infected with the same disease. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee. These considerations may be in consultation with the physician of the student or employee, the parent/guardian of the student, and/or with the Minnesota Department of Health.

D. Student with Special Circumstances and Conditions

The Director Student Support Services, along with the infected individual's physician, the infected individual or parent(s)/guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by a Minnesota Department of Health epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals, taking into consideration guidelines of the Minnesota Department of Education and the

Minnesota Department of Health. (These precautionary procedures shall be consistent with the school district's procedures regarding blood-borne pathogens developed pursuant to the school district's employee right-to-know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational (including health and safety) need to know and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right-to-know requirements.
2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a student or staff member has a reportable communicable disease or their medical condition threatens public health, a report will be made to the county and state health departments, and it must be reported to the Commissioner of Health.

I. Prevention

The school district shall, with the assistance of the Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with the Minn. Stat. 121A.23.

J. Vaccination and Screening

The school district will develop procedures regarding the administration of Hepatitis B vaccinations and Tuberculosis screenings in keeping with current state and federal law. The procedures shall provide that the Hepatitis B vaccination series be offered to all who have occupational exposure at no cost to the employee.

509 ENROLLMENT OF NONRESIDENT STUDENTS

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minn. Stat. §124D.03. It is the purpose of this policy to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

- A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program (excluding special education programs), class, grade level, or school building as established by School Board resolution and provided that:
1. space is available for the applicant under enrollment cap standards established by School Board policy or other directive; and
 2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
 3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.
- B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph IIA, the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:
1. possessing, at school or a school function, a dangerous item, including a weapon, device, instrument, material, or substance, animate or inanimate,

that is used for, or is readily capable of, causing death or serious bodily injury;

2. possessing or using an illegal drug at school or a school function;
3. selling or soliciting the sale of a controlled substance while at school or a school function; or
4. committing a third-degree assault involving “assaulting another and inflicting substantial bodily harm²²”.

C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment;

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student’s proficiency in the English language;
5. the student’s district of residence, except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from denying the application of a student who was expelled under Minn. Stat. §121A.45 for a reason stated in Paragraph II.B. or proceeding with exclusion as set out in Section F of this policy.

D. Application. The student and parent or guardian must complete and submit a “General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education.” developed by the Minnesota Department of Education and available on the website (www.education.mn.gov) by clicking on “Students and Families” then “School Choice” and then “Open Enrollment”.

E. Lotteries. If a school district has more applications than available seats as a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district’s staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by School Board policy and posted on the school district's website.

F. Exclusion.

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the School Board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03, or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under the age of 17 years who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or

more class periods on seven school days per school year if the child is in middle school, junior high school or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.

2. The school district may also terminate the enrollment of a nonresident student 18 years of age or older if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents/guardians a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents/guardians of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

- H. Notwithstanding the requirement that an application must be approved by the School Board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the School Board of nonresident district. The approval of the School Board of the student's resident district is not required.

The School Board will direct the administration to develop jointly with, agree upon with, and distribute to parents and family members of participating children a written parent and family engagement policy that will be incorporated into the school district's Title I plan, developed under section 1112 of the ESSA. The policy will establish the expectations for meaningful parent and family involvement and describe how the school district will:

- A. Engage parents and family members in the joint development of the school district's Title I plan and the development of support and improvement plans;

- B. Coordinate technical assistance and other support that is necessary to build the capacity of staff in planning and implementing effective parent and family engagement activities to improve student academic achievement and school performance., This may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
- C. Coordinate and integrate parent and family engagement strategies to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs including public preschool programs;
- D. Conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of the schools served, including identifying barriers to greater participation by parents in parental involvement activities with particular attention to parents who are economically disadvantaged, disabled, have limited English proficiency, or who are of a racial or ethnic minority background); the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and strategies to support successful school and family interactions;
- E. Use the findings of such evaluations to design evidence-based strategies for more effective parent and family engagement and to revise, if necessary, the district-level and school-level parent and family engagement policies; and
- F. Engage parents in the activities of the schools, which may include establishing a parent advisory committee comprised of a sufficient number and representative group of parents or family members served by the school district to adequately represent the needs of the population served by the school district for the purpose of developing, revising and reviewing the parent and family engagement policy.
- G. Engage parents and family members of children served in Title I, in decisions and how Title I, Part A funds reserved for parent and family engagement ~~in~~ **are** spent and ensure that no less than 90 percent of carry-over funds goes directly to Title I schools.

IV. DEVELOPMENT OF SCHOOL LEVEL POLICY

The administration of each school shall engage with parents and family members of Title I students during the development or revision of the parent engagement policy and through meaningful consultation agreed upon by such parents and families, that shall describe the means of carrying out the federal requirements of parent and family engagement. Parents shall be notified of the policy in an understandable and uniform format. To the extent practicable, the policy shall be provided in a language the parents

can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school.

- A. The policy will describe the means by which each school with a Title I program will:
 - 1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation in Title I programs, and to explain to parents of participating children the program, its requirements, and their right to be involved;
 - 2. Offer a flexible number of meetings, such as meetings in the morning or evening, and may provide transportation, child care, or home visits, as such services relate to parental involvement.
 - 3. Engage parents in an organized, ongoing, and timely way in the planning, review, and improvement of the parental engagement programs, including the planning, review, and engagement of the school's parent and family engagement plan and the joint development of the school-wide program plan, except that if a school has in place a process for engaging parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children;
 - 4. Provide parents of participating children with timely information about Title I programs; including a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; if requested by parents, opportunities for regular meetings to formulate suggestions, and to participate, as appropriate in decisions relating to the education of their children, and to respond to any such suggestions as soon as practicably possible; and
 - 5. If the school-wide program plan is not satisfactory to the parents of participating children, include all parent comments regarding the plan when it is submitted to the school district.
- B. As a component of this plan, each school shall jointly develop with parents a school/parent compact which outlines how parents, staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact will:
 - 1. Declare the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables

participating students to meet state student academic achievement standards;

2. Describe the ways parents will be responsible for supporting their ~~his-or~~ ~~her~~ child's learning by monitoring school attendance and homework completion, monitoring television watching, volunteering in their ~~his-or~~ ~~her~~ child's classroom, and participating, as appropriate, in decisions relating to their ~~his-or~~ ~~her~~ child's education and use of extracurricular time.
3. Address the importance of communication between teachers and parents on an on-going basis through the use of:
 - a. Annual parent-teacher conferences to discuss the compact and the child's achievement;
 - b. Frequent progress reports to the parents;
 - c. Reasonable access to staff and opportunities to volunteer, participate, in the child's class, and observe in the child's classroom; and
 - d. Regular two-way, meaningful communication between family members and school staff and, to the extent practicable, in a language that family members can understand.

C. To ensure effective engagement of parents and to support a partnership among the school, parents, and community to improve student academic achievement, the policy will describe how each school and the school district will:

1. Provide assistance to participating parents in understanding such topics as the state's academic content and achievement standards, state and local academic assessments, and the parent and family engagement rights of Title I requirements, and also how to monitor a child's progress and work with educators to improve the achievement of their children;
2. Provide materials and training to assist parents in working with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental engagement;
3. Educate school staff, with the assistance of parents, in the value and utility of contributions of parents and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and school;

4. Coordinate and integrate parental engagement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities that encourage and support parents in more fully participating in the education of their children to the extent feasible and appropriate;
 5. Ensure, to the extent practicable, that information about school and parent meetings, programs, and activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand; and
 6. Provide such other reasonable support for parental engagement activities as requested by parents.
- D. The plan will also describe the process to be taken if the school district and school choose to:
1. Engage parents in the development of training for school staff to improve the effectiveness of such training;
 2. Provide necessary literacy training with funds received under Title I programs if all other funding has been exhausted;
 3. Pay reasonable and necessary expenses associated with parental involvement activities, including transportation and childcare costs, to enable parents to participate in school-related meetings and training sessions;
 4. Train parents to enhance the involvement of other parents;
 5. Arrange meetings at a variety of times or conduct in-home conferences between teachers or other educators, who work directly with participating children, and parents who are unable to attend such conferences at school in order to maximize parental involvement and participation in school-related activities;
 6. Adopt and implement model approaches to improving parental involvement;
 7. Develop appropriate roles for community-based organizations and business in parental involvement activities; and
 8. Establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in Title I programs.

- E. To carry out the requirements of parent and family engagement, the school district and schools, to the extent practicable, will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children) including providing information and school reports in a format and, to the extent practicable, in a language that is understandable by the parents.
- F. The school district and each school shall inform parents and parent organizations of the existence of family engagements in education programs.

The policies will be updated periodically to meet the changing needs of parents and the school.

701 ESTABLISHMENT AND ADOPTION OF SCHOOL DISTRICT BUDGET

I. PURPOSE

The purpose of this policy is to establish lines of authority and procedures for the establishment of the school district's revenue and expenditure budgets.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to establish its revenue and expenditure budgets in accordance with the applicable provisions of law. Budget planning is an integral part of program planning so that the annual budget will effectively express and implement **S**chool **B**oard goals and the priorities of the school district.

III. REQUIREMENT

- A. The superintendent or appointed designee shall each year prepare preliminary revenue and expenditure budgets for review by the school board or its designated committee or committees. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the **S**chool **B**oard and the public. The **S**chool **B**oard shall review the projected revenues and expenditures for the school district for the next fiscal year and make such adjustments in the expenditure budget as necessary to carry out the education program within the revenues projected.
- B. The school district must maintain separate accounts to identify revenues and expenditures for each building. Expenditures shall be reported in compliance with Minn. Stat. § 123B.76.
- C. Prior to July 1 of each year, the **S**chool **B**oard shall approve and adopt its initial revenue and expenditure budgets for the next school year. The adopted expenditure budget document shall be considered the **S**chool **B**oard's expenditure authorization for that school year. No funds may be expended for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure for that year, or prior to the adoption of an amendment to that budget document by the **S**chool **B**oard to authorize that expenditure for that year.

- D. Each year, the school district shall publish its adopted revenue and expenditure budgets for the current year, the actual revenues, expenditures and fund balances for the prior year, and the projected fund balances for the current year in the form prescribed by the Commissioner within one week of the acceptance of the final audit by the **S**chool **B**oard, or November 30, whichever is earlier. A statement shall be included in the publication that the complete budget in detail may be inspected by any resident of the school district upon request to the superintendent. A summary of this information and the address of the school district's official website where the information can be found must be published in a newspaper of general circulation in the school district. At the same time as this publication, the school district shall publish the other information required by Minn. Stat §123B.10.
- E. At the public hearing on the adoption of the school district's proposed property tax levy, the **S**chool **B**oard shall review its current budget and the proposed property taxes payable in the following calendar year.
- F. The school district must also post the materials specified in Paragraph III.D. above on the school district's official website, including a link to the school district's school report card on the Minnesota Department of Education's website, and publish a summary of information and the address of the school district's website where the information can be found in a qualified newspaper of general circulation in the district.

IV. IMPLEMENTATION

- A. The **S**chool **B**oard places the responsibility for administering the adopted budget with the superintendent. The superintendent may delegate duties related thereto to other school officials, but maintains the ultimate responsibility for this function.
- B. The program-oriented budgeting system will be supported by a program-oriented accounting structure organized and operated on a fund basis as provided for in Minnesota statutes through the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS).
- C. The superintendent or appointed designee is authorized to make payments of claims or salaries authorized by the adopted or amended budget prior to **S**chool **B**oard approval.
- D. Supplies and capital equipment can be ordered prior to budget adoption only by authority of the superintendent or appointed designee. If additional personnel are provided in the proposed budget, actual hiring may not occur until the budget is adopted unless otherwise approved by the **S**chool **B**oard. Other funds to be expended in a subsequent school year may not be encumbered prior to budget adoption unless specifically approved by the **S**chool **B**oard.

- E. The school district shall make such reports to the Commissioner as required relating to initial allocations of revenue, reallocations of revenue and expenditures of funds.

AGENDA ITEM: **Policy 732, Credit Card Usage**

MEETING DATE: **May 9, 2022**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for
Finance and Operations**

BACKGROUND:

School Board Policy 732, Credit Card Usage, was reviewed by the School Board Policy Committee and Cabinet, and is being recommended for a first reading. The changes recommended to this policy are in section III.

The purpose of this policy is to control the use of credit cards and to ensure the proper usage of credit cards.

RECOMMENDED ACTION:

Review the policy and provide suggestions or feedback to the administration, with the policy placed on the June 13, 2022 or a subsequent School Board meeting agenda for action.

732 CREDIT CARD USAGE

I. PURPOSE

The purpose of this policy is to control the use of credit cards and to ensure the proper usage of credit cards.

II. GENERAL STATEMENT

Credit card usage shall be consistent with state law and follow recommendations made by the district's auditors and the Minnesota Office of the State Auditor.

III. CREDIT CARD USAGE

- A. The ~~S~~chool ~~B~~oard shall authorize the superintendent or designee to ~~annually~~ identify the employees who are authorized to make purchases on behalf of the district. Credit cards shall only be used by those employees authorized to make purchases.
- B. Purchases made with a credit card must be consistent with state law and guidance from the Minnesota Office of the State Auditor.
- C. The authority to use credit cards does not authorize the creation of a new form of debt for the district; credit cards are to be considered another form of authorized payment. Credit card balances shall be paid off on a monthly basis by the employees authorized to use the cards.
- D. Purchases shall be limited to purchases that are made in the regular course of business and for business travel expenses incurred by authorized credit card users. Travel expenses shall include meals, lodging, conference registration, transportation and parking.
- E. Credit card charges shall be limited to ~~\$2,500~~ \$25,000 per transaction. Any authorized employee who desires to use a credit card to make a purchase greater than this amount must seek prior approval from the superintendent or the district's chief financial officer.
- F. All receipts and other supporting documents must be submitted to the district's finance ~~business~~-office in a timely manner for review and approval. Itemized receipts are required for substantiation of credit card usage. If the school district does not authorize a credit card purchase, the employee who made the purchase will be personally liable for the amount of purchase.

- G. Given that listing only the credit card company on a claims list would merely identify the method of payment, a claims list must identify the vendors providing the goods or services. Invoices and receipts must be retained and submitted to support the items charged in the bill from the credit card company.
- H. The purchase of non-business related and/or personal items and services is prohibited. Credit cards shall not be used for cash advances. The purchase of alcoholic beverages and tobacco is prohibited.
- I. If a credit card is lost or stolen, the authorized user shall notify the district's finance ~~business~~ office immediately.
- J. The district shall not issue debit cards because debit cards allow funds to be immediately withdrawn from the district's financial account, provide fewer protections than credit cards and circumvent statutory claims approval safeguards.
- K. All authorized users are required to provide a signed, written acknowledgement of the district's credit card policy prior to the use of a district issued credit card.

AGENDA ITEM: **Action on Resolution Providing that School Board General Elections Held After 2021 Shall Be Held in the Even-Numbered Years; Establishing a Transition Plan**

MEETING DATE: **May 9, 2022**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Dr. Wayne Kazmierczak, Superintendent**

BACKGROUND:

White Bear Lake Area Schools (WBLAS) currently holds its school board elections in the odd year. According to the Minnesota School Boards Association (MSBA), 303 Minnesota school districts hold school board elections in even years while 29 hold school board elections in odd years. Back in 2002, 172 Minnesota school districts held school board elections in the even year, with 168 in the odd year. After the Help America Vote Act of 2002, many school districts in Minnesota shifted to even year school board elections due to new technological requirements and the associated costs.

Another reason cited by MSBA as a significant reason for the shift was low voter turnout in odd year school board elections, citing a typical range of 1%-15% voter turnout in a typical school board election as opposed to the approximately 85% statewide voter turnout in even years. Since 2010, voter turnout in WBLAS elections has ranged from a low of 10% of registered voters in 2015 to a high of 34% in 2019 when the bond referendum was on the ballot in addition to the school board member positions.

At the work session in August 2020, we discussed the possibility of making the change from odd year to even year school board elections. We also discussed no longer participating in primary elections. This information was shared at that time:

Nine out of 332 Minnesota school districts take part in the primary system, according to MSBA. WBLAS last conducted a primary in 2015, and voter turnout was between 1-2% of registered voters, according to then Ramsey County Elections Manager Joe Manskey. The cost of conducting that primary election was approximately \$30,000. WBLAS is the only school district in Ramsey County that has a school district primary, St. Paul Public Schools discontinued the practice in 2011. Due to the low level of public interest and the cost to conduct a primary election, Mr. Manskey at that time recommended that we consider discontinuing this practice.

At the October 12, 2020 meeting, the School Board acted on the recommendation to no longer participate in the primary election system. At that time, we also decided to bring the odd/even year discussion forward at a future meeting.

RECOMMENDED ACTION:

Approve the Action on Resolution Providing that School Board General Elections Held After 2021 Shall Be Held in the Even-Numbered Years; Establishing a Transition Plan as recommended.

Re: White Bear Lake Area Schools District Wide Security Upgrades, South Campus - Letter of Recommendation for Bid Award

Dan,

On April 27, 2022 the District received bids from All State Communications for \$489,945, Gephart for \$448,195 and Pro-Tec for \$483,203.45.

The bid pack included complete building wide interior/exterior video surveillance systems, electronic access door control systems, door hardware, door intercom systems, intrusion detection systems, and lock down systems for the South Campus including the areas under construction. This project included an additional video server to handle the new cameras and will connect to the existing access control servers.

True North Consulting Group (TNCG) has evaluated the bids received by the three companies and all meet the minimum qualifications and submitted all the correct documents. Based on the bids received with Gephart being the lowest responsible bidder, TNCG recommends the District pursue a contract with Gephart for \$448,195.

Gephart meets or exceeds all the minimum level of qualifications and certifications required to install, support and service the District's Avigilon security systems and the Bosch intrusion detection system. Gephart also acknowledged all addenda as well as provided their bid bond, insurance, Minnesota responsible contractor forms and is a union contractor who exceeds prevailing wages.

414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE

I. PURPOSE

The purpose of this policy is to make clear the statutory requirements of school personnel to report suspected child neglect or physical or sexual abuse.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to fully comply with Minn. Stat. § 626.556 requiring school personnel to report suspected child neglect or physical or sexual abuse.
- B. A violation of this policy occurs when any school personnel fails to immediately report instances of child neglect, or physical or sexual abuse when the school personnel knows or has reason to believe a child is being neglected or physically or sexually abused or has been neglected or physically or sexually abused within the preceding three years.

III. DEFINITIONS

- A. “Accidental” means a sudden, not reasonably foreseeable, and unexpected occurrence of an event which:
 - 1. is not likely to occur and could not have been prevented by exercise of due care; and
 - 2. is occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence of the event.
- B. “Child” means a person under the age of 18, and, for purposes of Minn. Stat. Ch.260C (Child Protection) and Minn. Stat. Ch 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minn. Stat. § 260C.451 (Foster Care Benefits Past Age 18).

- C. “Immediately” means as soon as possible, but in no circumstance longer than 24 hours.
- D. “Mandated reporter” means any school personnel, as defined in this policy, who knows or has reason to believe a child is being neglected or physically or sexually abused, or has been neglected or physically or sexually abused within the preceding three years.
- E. “Mental Injury” means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child’s ability to function within a normal range of performance and behavior with due regard to the child’s culture.
- F. “Neglect” means the commission or omission of any of the acts specified below, other than by accidental means:
 - 1. failure by a person responsible for a child’s care to supply a child with necessary food, clothing, shelter, health care, medical care, or other care required for the child’s physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
 - 2. failure to protect a child from conditions or actions that seriously endanger the child’s physical or mental health, when reasonably able to do so;
 - 3. failure to provide for necessary supervision or appropriate child care arrangements after considering factors such as the child’s age, mental ability and physical condition; the length of absence, or environment, when the child is unable to care for his or her own basic needs or safety or the basic needs or safety of another child in his or her care;
 - 4. failure to ensure that a child is educated in accordance with state law, which does not include a parent’s refusal to provide his or her child with sympathomimetic medications;
 - 5. prenatal exposure to a controlled substance used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child’s birth, or medical effects or developmental delays during the child’s first year of life that medically indicate prenatal exposure to a controlled substance;
 - 6. medical neglect as defined by Minn. Stat. § 260C.007, subd. 6, Clause (5);

7. chronic and severe use of alcohol or a controlled substance by a parent or person responsible for the care of the child that adversely affects the child's basic needs and safety; or
8. emotional harm from a pattern of behavior which contributes to impaired emotional functioning of the child which may be demonstrated by a substantial and observable effect in the child's behavior, emotional response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

Neglect does not include spiritual means or prayer for treatment or care of disease where the person responsible for the child's care in good faith has selected and depended on those means for treatment or care of disease, except where the lack of medical care may cause serious danger to the child's health.

- G. "Non-maltreatment mistake" means: (1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minn. Rules Part 9503.0045; (2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years; (3) the individual has not been determined to have committed a similar non maltreatment mistake under this paragraph for at least four years; (4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and (5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident. This definition only applies to child care centers licensed under Minn. Rules Ch. 9503.
- H. "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.
- I. "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care other than by accidental means; or any physical or mental injury that cannot reasonably be explained by the child's history of injuries or any aversive or deprivation procedures, or regulated interventions, that have not been authorized by Minn. Stat §125A.0942 or § 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury.

Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by Minn. Stat. § 121A.582.

Actions which are not reasonable and moderate include, but are not limited to, any of the following: (1) throwing, kicking, burning, biting, or cutting a child; (2) striking a child with a closed fist; (3) shaking a child under age three; (4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age; (5) unreasonable interference with a child's breathing; (6) threatening a child with a weapon, as defined in Minn. Stat. § 609.02, Subd. 6; (7) striking a child under age one on the face or head; (8) striking a child who is at least age one but under age four on the face or head, which results in an injury; (9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances which were not prescribed for the child by a practitioner, in order to control or punish the child, or giving the child other substances that substantially affect the child's behavior, motor coordination, or judgment or that result in sickness or internal injury, or subject the child to medical procedures that would be unnecessary if the child were not exposed to the substances; (10) unreasonable physical confinement or restraint not permitted under Minn. Stat. § 609.379 including, but not limited to, tying, caging, or chaining; or (11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under Minn. State § 121A.58.

Neither physical abuse or neglect includes a non maltreatment mistake.

- J. "Report" means any communication received by the local welfare agency, police 414-4 department, county sheriff, or agency responsible for child protection pursuant to this section that describes neglect or physical or sexual abuse of a child and contains sufficient content to identify the child and any person believed to be responsible for the neglect or abuse, if known.
- K. "School personnel" means professional employee or a professional's delegate of the school district who provides health, educational, social, psychological, law enforcement or child care services.
- L. "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child (as defined in Minn. Stat. § 609.341, Sub. 15), or by a person in a current or recent position of authority (as defined in Minn. Stat. § 609.341, Subd. 10) to any act which constitutes a violation of Minnesota statutes prohibiting criminal sexual conduct. Such acts include sexual penetration, sexual contact, solicitation of children to engage in sexual conduct, and communication of sexually explicit materials to children. Sexual abuse also includes any act involving a minor which constitutes a violation of Minnesota statutes prohibiting prostitution, or use of a minor in a sexual performance. Sexual abuse includes threatened sexual abuse, which includes the status of a parent or household member who has committed a violation which

requires registration under Minn Stat. § 243.166, Subd. 1b(a) or (b) (Registration of Predatory Offenders.)

- M. “Threatened injury” means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes, but is not limited to, exposing a child to a person responsible for the child’s care who has subjected the child to, or failed to protect a child from, egregious harm, or a person whose parental rights were involuntarily terminated, been found palpably unfit, or one from whom legal and physical custody of a child has been involuntarily transferred to another.

IV. REPORTING PROCEDURES

- A. A mandated reporter shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years, to the building principal or appropriate administrator and the local welfare agency, police department or county sheriff, tribal social services, or tribal police department. The reporter will include his or her name and address in the report.
- B. If the immediate report has been made orally, by telephone or otherwise, the oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff or local welfare agency, or agency responsible for assisting or investigating maltreatment. The written report shall identify the child, any person believed to be responsible for the abuse or neglect of the child, the nature and extent of the abuse or neglect and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.
- D. A mandated reporter who knows or has reason to know of the deprivation of parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.
- E. With the exception of a healthcare professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

- F. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, including possible termination of employment.
- G. Submission of a good faith report under Minnesota law and this policy will not adversely affect the reporter's employment or the child's access to school.
- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury. The reckless making of a false report may also result in employee discipline.

V. INVESTIGATION

- A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county, state, or local agency or agencies. The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The interview may take place outside the presence of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.
- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, and/or school employees when an interview is conducted on school premises.

- D. Where the alleged perpetrator is believed to be a school official or employee, the school district shall conduct its own investigation independent of any other governmental agency including the Minnesota Department of Education (MDE) and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school district, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.
- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district shall have a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

seclusion, including the forced separation of the vulnerable adult from other persons against the will of the vulnerable adult or the legal representative of the vulnerable adult; and (4) use of any aversive or deprivation procedures for persons with developmental disabilities or related conditions not authorized under section 245.825. (c) Any sexual contact or penetration as defined in section 609.341, between a facility staff person or a person providing services in the facility and a resident, patient, or client of that facility. Neglect also includes the absence or likelihood of absence of care or services, including but not limited to, food, clothing, shelter, health care, or supervision necessary to maintain the physical and mental health of the vulnerable adult which a reasonable person would deem essential to obtain or maintain the vulnerable adult's health, safety, or comfort

- B. Whenever a mandated reporter, as defined herein, knows or has reason to believe that an individual made an error in the provision of therapeutic conduct to a vulnerable adult which results in injury or harm, which reasonably requires the care of a physician, such information shall be reported immediately to the designated county agency. The mandated reporter also may report a belief that the error did not constitute neglect and why the error does not constitute neglect.
- C. The reporter, shall to the extent possible, identify the vulnerable adult; the caretaker; the nature and extent of the suspected maltreatment; any evidence of previous maltreatment; the name and address of the reporter; the time, date, and location of the incident; and any other information that the reporter believes might be helpful in investigating the suspected abuse or neglect. A mandated reporter may disclose no public data as defined under Minn. Stat. § 13.02 to the extent necessary to comply with the above reporting requirements.
- D. A person mandated to report suspected neglect or abuse of a vulnerable adult who negligently or intentionally fails to report is liable for damages caused by the failure. A negligent or intentional failure to report may result in discipline. A mandatory reporter who intentionally fails to make a report, who knowingly provides false or misleading information in reporting or who intentionally fails to

provide all the material circumstances surrounding the reported incident is guilty of a misdemeanor.

- E. Retaliation against a person who makes a good faith report under Minnesota law and this policy, or against a vulnerable adult who is named in a report, is prohibited.

“Direct services” means special education services provided by a special education teacher when the services are related to instruction, including cooperative teaching.

B. Indirect Services

“Indirect services” means special education services provided by a special education teacher which include ongoing progress reviews; cooperative planning; consultation; demonstration teaching; modification and adaptation of the environment, curriculum, materials, or equipment; and direct contact with children with disabilities to monitor and observe.

III. GENERAL STATEMENT OF POLICY

- A. Workload limits for special education teachers shall be determined by the appropriate special education administrator, in consultation with the building principal and the superintendent.
- B. In determining workload limits for special education staff, the school district shall take into consideration the following factors: student contact minutes, evaluation and reevaluation time, indirect services, management of IEPs, travel time, and other services required in the IEPs of eligible students.

IV. COLLECTIVE BARGAINING AGREEMENT UNAFFECTED

508 EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS

I. PURPOSE

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

II. GENERAL STATEMENT OF POLICY

- A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.
- B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:
 - 1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR
 - 2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR
 - 3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.
- C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:
 - 1. Prior observations of the student's regression and recoupment over the summer;

2. Observation of the student's tendency to regress over extended breaks in instruction during the school year; and
 3. Experience with other students with similar instructional needs.
- D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:
1. The student's progress and maintenance of skills during the regular school year.
 2. The student's degree of impairment.
 3. The student's rate of progress.
 4. The student's behavioral or physical problems.
 5. The availability of alternative resources.
 6. The student's ability and need to interact with nondisabled peers.
 7. The areas of the student's curriculum which need continuous attention.
 8. The student's vocational needs.
- E. No Unilateral Decisions. In the course of providing ESY services to children with disabilities, the school district may not unilaterally limit the type, amount, or duration of those services.
- F. Services to Nonresident Students Temporarily Placed in School District. A school district may provide ESY services to nonresident children with disabilities temporarily placed in the school district in accordance with applicable state law.

MEETING DATE: **May 9, 2022**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for**
Finance and Operations;
Bridget Lehn, Director of Nutrition Services

BACKGROUND:

School Board Policy 534, Unpaid Meal Charges is a new policy. It was reviewed by the School Board Policy Committee and Cabinet, had a first reading in April and is being recommended for adoption.

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges.

RECOMMENDED ACTION:

Adopt School Board Policy 534, Unpaid Meal Charges, as recommended by the School Board Policy Committee and Cabinet.

534 UNPAID MEAL CHARGES

New Policy

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for school meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

All meal purchases are to be prepaid by cash, check, or online payment system before meal service begins.

- A. The district will make meals available to all students regardless of account balance. In agreement with Minn. Stat. § 124D.111, students who qualify for free or reduced-price meals will be served regardless of a prior outstanding balance.
- B. A student with an outstanding meal charge debt will be allowed to purchase a meal and their parent/guardian will be expected to cover the unpaid debt.
- C. When a student has a negative account balance, the student will not be allowed to charge an a la carte item.
- D. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless permission is received from the parent or guardian.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches two charged meals. Communication methods for notifying families may include automated calling system, email, or letter.

- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free and reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$25, not paid prior to the end of the school year, will be turned over to the superintendent or superintendent's designee for collection. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.
- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
 - 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district may post the policy on the school district's website, in addition to providing the required notification described above.

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents/guardians but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deaf blind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Minnesota Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development, is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for part or all of the day, if requested by the student’s parent or guardian, or an afterschool

program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. “Homeless student” means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)
- D. “Nonpublic school” means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. § 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. § 123B.41, Subd. 9)
- E. “Nonresident student” is a student who attends school in the school district and resides in another district, defined as the “nonresident district.” In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student’s parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. “Pupil support services” are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. “School of origin,” for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. “Shared time basis” is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

IV. ELIGIBILITY

Students who reside within the attendance area of the school and outside the walking area are eligible for transportation at the expense of the school district.

The walking area for each school is determined by the School Board and the distance may vary with the grade level of the student.

The walking distance as established by the School Board is as follows:

Grades K-2	1/2 mile	Grades 6-12	1 mile
Grades 3-5	3/4 mile		
Grades K-5	1 mile		
Grades 6-12	1.5 miles		

Exceptions may be made for students who encounter an extraordinary, persistent hazard walking to and from school, at the discretion of the school district administration.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within the school district’s borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student’s resident district, the school district will notify the student’s resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the resident school district is not obligated to provide transportation between a resident student's home and the border of a nonresident district where the student chooses to attend school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the resident school district, if in the discretion of the resident school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The resident school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the resident school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

**VII. SPECIAL EDUCATION STUDENTS/ STUDENTS WITH A DISABILITY/
STUDENTS WITH TEMPORARY DISABILITIES**

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minn. Stat. § 123B.92, Subd. 1 (b) (4), for a resident child with a disability not yet enrolled in kindergarten, for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident students with a disability whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to

parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)

- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation by the school district to and from said board and lodging facilities at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a non-resident school district and the resident school district does not provide special instruction and services, the resident school district shall provide necessary transportation for the student between the resident school district boundary and the educational facility where special instruction and services are provided within the non-resident school district. The resident school district may provide necessary transportation of the student between its boundary and the school attended in the non-resident school district, but shall not pay the cost of transportation provided outside the resident school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the resident school district shall provide the transportation, at the expense of the resident school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a **daycare** ~~day-care~~ and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)

- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district. ~~if the shelter or non-shelter location is greater than the distance set forth in section IV of this policy from the school of origin and the student's transportation privileges have not been revoked.~~ (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district ~~if the shelter or non-shelter location is greater than the distance set forth in section IV of this policy from the school of origin and the student's transportation privileges have not been revoked~~, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))
 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))
 4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of

residence to and from the school of enrollment. (Minn. Stat. § 123B.92 Subd. 3(c)).

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, **at** **in** the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent/guardian is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)

- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

710 EXTRACURRICULAR TRANSPORTATION

I. PURPOSE

The purpose of this policy is to make clear to students, parents/guardians and staff the school district's policy regarding extracurricular transportation.

II. GENERAL STATEMENT OF POLICY

The determination as to whether to provide transportation for students, spectators and/or participants to and from extracurricular activities shall be made solely by the school district administration. This determination shall include, but is not limited to, the decision to provide transportation, the persons to be transported, the type or method to be utilized, all transportation scheduling and coordination, and any other transportation arrangements or decisions. Employees who are involved in extracurricular activities shall be advised by the administration as to the transportation arrangements made, if any.

III. ARRANGEMENT OF EXTRACURRICULAR TRANSPORTATION.

School district employees shall not undertake independent arrangement, scheduling or coordination of transportation for extracurricular activities. School district employees may do so only when specifically directed or approved by the school district administration. School district employees will notify a building administrator of all transportation arrangements made. If the school district makes no arrangements for extracurricular transportation, parents of students who wish to participate, are responsible for arranging for or providing transportation to and from the extra-curricular activity.

IV. EMPLOYEE TRANSPORTATION OF STUDENTS.

In the event of an emergency or other unforeseeable circumstances, employees are authorized to make appropriate transportation arrangements for students as necessary. Employees will transport students in non-emergency circumstances only when such extracurricular transportation is approved by the administration. If any transportation arrangements are made by employees pursuant to this section, the relevant facts and circumstances shall be reported to the administration. All vehicles used to transport students shall be properly registered and insured.

V. FEES

In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.

711 VIDEO RECORDING ON SCHOOL BUSES

I. PURPOSE

The transportation of students to and from school is an important function of the school district, and transportation by the school district is a privilege and not a right for an eligible student. The behavior of students and employees on the bus is a significant factor in the safety and efficiency of school bus transportation. Student and employees' misbehavior increases the potential risks of injury. Therefore, the school district believes that video recording passengers and employees on the school bus will encourage good behavior and, as a result, promote safety. The purpose of this policy is to allow the establishment of a school bus video recording system.

II. GENERAL STATEMENT OF POLICY

A. Placement

1. Each and every school bus owned, leased, contracted and/or operated by the school district may be equipped with a fully enclosed box for placement and operation of a video camera and conspicuously placed signs notifying riders that their conversations or actions may be recorded on tape.
2. A video camera will not necessarily be installed in each and every school bus owned, leased, contracted and/or operated by the school district, but video cameras may be rotated from bus to bus without prior notice to drivers or students.
3. Video cameras may be placed on a particular school bus, to the extent possible, where the school district has received complaints of inappropriate behavior.

B. Use of Video Recording

1. A video recording of the actions of student passengers and/or employees may be used by the school district as evidence in any disciplinary action brought against any student or employee arising out of the student's or employee's conduct on the bus.

2. A video recording will be released only in conformance with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13 and the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g and the rules and/or regulations promulgated thereunder.
3. A video recording will be viewed by school district personnel on a random basis and/or when discipline problems on the bus have been brought to the attention of the school district.
4. A video recording will be retained by the school district until relooped or until the conclusion of the disciplinary proceedings in which the video recording is used for evidence.

C. Private Transportation Providers

Private transportation providers that offer transportation services to the District must comply with the provisions of the Policy. With the exception of any existing transportation contracts, all transportation contracts between the school district and private transportation providers shall include a requirement that school bus video recordings must be promptly made available to the school district upon request and must be maintained in accordance with the requirements of the Minnesota Government Data Practice Act and the Family Educational Rights and Privacy Act.
