Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 1

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|--|---|---|
| Instruction in ELA and mathematics will be implemented in all classrooms using the district adopted instructional materials and supplemental instructional supplies and materials that are provided to each classroom. Teachers will be instructing CCCS aligned Reading Workshop and Writing Workshop and using the state adopted materials as resources to teach standards base instruction in the classroom. Reading/Language Arts will be taught uninterrupted for 180 minutes according to Pacing Calendars | Although the COVID pandemic continued to have a significant impact on the school's instructional program and operations throughout the fall and winter of 2021-2022, Simas Elementary implemented standards based instruction incorporating all essential components of core instructional materials, as defined by the reading/language arts and mathematics frameworks for California public schools and HESD ELA Pacing Guide. | The COVID pandemic continued to have significant impact on the school's instructional program and operations throughout the fall and winter of 2021-2022. Impacts of the pandemic: High Staff Absences High Student Absences Contact Tracing COVID related protocols COVID related protocols COVID Restrictions Despite these challenges, the school focused on rebuilding the instructional program and the school community during 2021-2022. | Simas will continue the process of rebuilding the instructional program and the school community next year as the pandemic subsides. The school will implement and build upon its phonemic awareness instructions/lessons for kindergarten and 1st grade students using supplemental instructional materials (Heggerty and Accelerated Reader). The school will also build upon its math foundational skills instruction/lessons for kindergarten and 1st grade using supplemental instructional materials (Eureka), |
| A balanced math program integrating skills, conceptual understanding and problem solving that is aligned to the CCCS will be implemented, using SBE approved and District adopted materials, following the HESD pacing calendar for mathematics. Pro Site Leadership Team monitors HESD assessment calendar | | Not all of the activities and assessments discussed in the previous columns were able to be implemented due to the COVID pandemic. The core instructional program was fully in place. Some assessments were modified or postponed. Declines in State test scores shown in the 2020-2021 CAASPP results are determined to be due to COVID pandemic related school closures, extended periods of distance learning, and significant student absences due to quarantine, testing positive, or being symptomatic with COVID when schools were | The school will continue to add to its collection of high-interest chapter books for students |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|---|---|--|--|
| School City Observations, Student work Focus Walks Subgroups | | anecdotal evidence and data from local assessments in 21-22, with students making gains in achievement, the declines in state test scores do not indicate a need to make significant changes to the instructional program; rather, they indicate a need to continue to build upon an strengthen the school's existing instructional programs. | |
| Provide interventions to identified students: Students will be identified for interventions based on Status of the Class (individual teacher meetings with the site leadership discussing the achievement/needs of individual students), along with district and school site formative and summative assessments. Intervention strategies in ELA and math will be implemented through differentiated instruction within the classroom setting. Intervention will be incorporated into the total minutes for the day. Additional opportunities for interventions in ELA and/or math will be offered before school, at lunch, or after school. Interventions will be provided for students needing support K-6 with Certificated Teachers during school and in an afterschool Reading and/or math program (Extend school day). Mathematics intervention time is included in the district total time chart and may also be provided to students after school, before school or during lunch as needed.(1-1 instruction, small group instruction) Leadership team monitors Formative and summative assessments collaboration records | | State test scores from 2021 show 26.53% of students in the "Not Met" category in ELA and 32.64% of students in the "Not Met" category in Math. Although these state test scores do not indicate an ineffective instructional program, they do indicate a need to provide differentiated instruction, support, and intervention to large numbers of students. | There will be a focus on small group reading instruction in 22-23. The school will continue and/or expand its interventions for struggling students in 22-23. Education tutors (paraprofessionals) will be implemented for push-in & pull-out additional intervention and support in 22-23 |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|---|--|---|--|
| Supplement the school's board approved instructional materials in ELA, math, science, and history/social science with a suite of digital/online tools and subscriptions that are aligned with the State standards, are accessible at school and home, are adaptive (able to remediate and/or accelerate learning), can identify and target missing skills or gaps in skills/knowledge/understanding, and that provide data on students' progress. | Students were provided with an extensive suite of supplemental online instructional tools and materials for use at school and at home. (These materials were available to students during periods when they were quarantined at home.) These materials were funded as a Title I Centralized Service. Data within these programs showed students using these tools extensively. | There is a need to continue providing these tools for students and to continue providing training for teachers in their use. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness. | These materials will continue to be provided as Centralized Services in 2022-2023. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness. |
| Supplemental digital content through centralized services includes: IVS Computer Technology (SMART Notebook) Lexia Learning Kahn Academy Flocabulary Discover Education Learning A-Z Seesaw Learning Adobe Creative Cloud for Students (SHI) Zoom BrainPop School City (Iluminate) | | | |
| Students participate in a variety of enrichment activities that are designed to increase engagement in learning, improve background knowledge, support vocabulary development by integrating content instruction with hands-on activities. Activities may include clubs, assemblies, guest speakers, study trips, video conferences, and virtual study trips that align to grade level content and themes. | Not Implemented | Most in-person activities, including clubs, assemblies, and study trips were suspended in 2021-2022 due to the COVID pandemic. | Resume enrichment activities once the COVID pandemic subsides. |
| Integrated ELD (Core Program ELD/EL Support) The foundation of the district's support for English learners are its integrated and designated English language | The components of Integrated ELD are in place across all classrooms: EL Students are supported across the school day in all content areas. | School closures in 2019-2020 and 2020- 2021, along with high rates of absenteeism due to quarantine or symptomatic COVID in 2021-2022 has resulted in declines in student achievement. This has impacted English learners to a higher degree that All | The school will continue to implement integrated ELD in 2022-2023. The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the |

|--|---|---|---|
| district's core program of integrated ELD. | | | |
| ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA and mathematics. | | | |
| A Director of Curriculum (English Learners), working at the district level and funded with LCFF, provides leadership and monitoring of the district's integrated and designated ELD programs. The Director of curriculum works with school site principals and learning directors ensuring that implementation of ELD is in place and that teaching staff receive professional development in ELD instruction. The Director of Curriculum develops, implements, supervises, and monitors all activities funded with Title III. | | | |
| A learning director at each school site, funded with LCFF, provides leadership and monitoring of ELD instruction at the school site level. Learning directors ensure that both integrated and designated ELD are in place and are effective. Learning directors provide leadership and support to teaching staff in identifying EL students requiring interventions. Learning directors monitor the implementation of interventions at their sites. Learning directors, working with the Director of Curriculum, assess the ELD professional development needs of their individual school sites, and, working together, implement PD that is targeted to individual school sites' needs. | | | |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|--|--|--|
| Designated ELD (Core Program) EL students are provided with consistent, effective, research-based designated English language development instruction that is carefully planned and explicitly taught; that includes opportunities to develop fluency through authentic oral and written practice; that includes activities with language beyond students' current level of proficiency; and that is specifically targeted to students' English proficiency levels. Students will receive ELD instruction at their English language development level during the ELD instructional block. Each school will implement a 30-minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites. Students' ELD level will be appropriately and promptly identified. District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so that all students are provided with ELD instruction at their ELD level. The district leadership team will continue to monitor the implementation of deployment for supplemental ELD instruction. Students will receive ELD instruction at their English language development level during the ELD instructional block. This is the districts core designated ELD Time Block: Each school will implement a 30 minute block of time each day for English language development instruction. The district leadership | Most components of designated ELD are in place. Teachers are implementing designated ELD in their classrooms each day. The temporary/strategic grouping of students by EL level for designated ELD that required deployment of students to classes other than their own for the 30 minute designated ELD block was suspended due to COVID social distancing requirements. | School closures in 2019-2020 and 2020- 2021, along with high rates of absenteeism due to quarantine or symptomatic COVID in 2021-2022 has resulted in declines in student achievement. This has impacted English learners to a higher degree that All students and other subgroups, especially in mathematics. EL Students scored at 25.93% Proficient in ELA and 11% proficient in mathematics. This represents a significant decline from pre- COVID 2018-2019 test scores. The percentage of students scoring proficient on the summative ELPAC declined between 2018-2019 (27.54%) and 2020- 2021 (17.54%). | The school will continue to implement designated ELD in 2022-2023. The school will restart the deployment of students for designated ELD if the COVID pandemic subsides. The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the implementation of designated ELD and the progress of EL students. |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|---|---|---|---|
| team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites. | | | |
| Identify Students' ELD Level: Students' ELD level will be appropriately and promptly identified. All school sites will locally score the CELDT annually. | | | |
| EL Deployment School Site: School site leadership teams will use the results of assessments including local scoring of the CELDT, and district formative assessments to plan deployments to ensure that Els are instructed at their ELD level. | | | |
| EL Deployment LEA: District level leadership team will provide school sites with professional development/technical assistance in developing deployment schedules so that all students are provided with ELD instruction at their ELD level. | | | |
| Monitor ELD Deployment: The district leadership team will continue to monitor the implementation of deployment for supplemental ELD instruction. | | | |
| Trimester Monitoring of ELs Once each trimester, all teachers will document the progress of each of their EL students. This documentation will be aligned to the 2012 ELD standards and will be based on CELDT scores, results of district benchmark and formative assessments, student work samples, and teacher observations. | Trimester Monitoring of ELs Once each trimester, all teachers documented the progress of each of their EL students using the district's online system. School and district leadership continue to monitor the progress of EL students. | School closures in 2019-2020 and 2020- 2021, along with high rates of absenteeism due to quarantine or symptomatic COVID in 2021-2022 has resulted in declines in student achievement. This has impacted English learners to a higher degree that All Students and other subgroups, especially in mathematics. | The monitoring of EL students will continue in 2022-2023. |
| Upload EL Documentation: Once each trimester teachers will upload documentation of each EL student's progress to a master database. | | | |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|---|---|--|---|
| School Site Progress Monitoring School site leadership will access the master database to monitor the progress of EL students. | | | |
| Identify Students At Risk of LTEL: The district will identify students at-risk of becoming LTEL and will monitor the progress of these students through their elementary and junior high school years. | | | |
| Data Analysis Data, including local scoring of CELDT, information from the master El database, and district benchmark and formative assessments will be used to develop a timely analysis of students' progress and used to identify students at risk of becoming LTEL. | | | |
| Intervention for At Risk LTEL: Once identified, students at risk of becoming LTEL will be provided with both language and academic interventions based on their language and academic needs. | | | |
| Monitor Progress LTEL: The progress of students identified as being at risk of becoming LTEL will be monitored at both the school site and LEA level. | | | |
| Supplemental, After-Hours ELD Instruction English learners who are identified as making insufficient progress in learning English are provided with supplemental, after-hours ELD instruction. These students will be provided with after-hours intervention and enrichment with an English Language Development focus. Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will | This action was not implemented in 2021- 2022. | After-hours supplemental ELD instruction was suspended in 2021-2022 due to staffing shortages and student absenteeism due to quarantine or symptomatic COVID. | Supplemental after-hours ELD instruction will be restarted in 2022-2023 if the COVID pandemic subsides. |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|--|---|---|
| provide instruction to EL students at their own school site.) The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD. After-School ELD: Deliver supplemental, after-hours ELD instruction to students identified as making insufficient progress in learning English that is aligned to students' proficiency levels, the ELD standards, and is research/evidence-based. Recommendations found in: California Department of Education. (2010). Improving Education for English Learners: Research Based Approaches. Sacramento: California Department of Education. | | | |
| EL students will be provided with after- hours intervention and enrichment with an English Language Development focus. | | | |
| Recruit Teachers: Teachers will be recruited to from school sites to provide after-school ELD to EL students. (Teacher will provide instruction to EL students at their own school site.) | | | |
| Monitor After School ELD: The Director of Curriculum will monitor students' attendance and progress and will provide technical assistance to the school sites in implementing supplemental ELD | | | |

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 2

The school will support teachers and staff with professional development, training, and collaboration time.

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|---|---|---|
| Teachers and administrators will participate in district professional development and site based systematic professional development. Teachers will receive professional development that is specific to the needs of the school site. This is determined by site leadership observations and input from teachers at the school site. Teachers are provided with collaboration time on student early release days. Teachers will understand and effectively implement the collaboration protocol used in a professional learning community. Teachers analyze student achievement data from district and site based assessments and use this information to plan instruction and intervention, to identify students for instruction and intervention. Data will be disaggregated to show overall performance as well as performances of significant subgroups (including ELs). Results may include grouping, planning, observing a colleague, | Some professional development activities were implemented at the school site in 21- 22. These activities were significantly impacted by high rates of staff absenteeism, social distancing requirements, and the need to prioritize keeping schools open during the pandemic. Teachers collaborated each Wednesday via Zoom. The school's and district's assessment systems were impacted by the pandemic | There is a need to restart the school's professional development programs in 2022- 2023. There is a need to assess/reassess staff professional development needs after several years of pandemic related disruption. There is a need to continue providing staff with professional development in the school's social-emotional learning programs | The school will assess/reassess staff professional development needs. The school will restart the professional development program. Staff will be provided with professional development in the use of SEL data platforms and in the analysis of data |

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|--|---|---|
| and/or coaching support based on identified needs. As needed (based on data) coaching will include focus on EL strategies. | | | |
| A professional development team consisting of a curriculum specialist in English language arts, and five instructional coaches provide high quality, research-based professional development to teachers and administrators. Instructional coaches specialize in reading, writing, mathematics/science, the integration of technology into the instructional program, and the development digital literacy skills to improve academic achievement Decisions are made regarding the types of professional development that will be delivered based on analysis of data including student achievement data, site leadership, and teacher input. These include, but are not limited to whole-group professional development, in-class coaching, coaching during weekly collaboration, lesson development and planning, backward-mapping, and analysis of formative and summative student achievement data. The professional development team provides training and professional development specifically designed to improve the academic achievement of English Learners | The instructional coaches provided a limited amount of professional development services to schools/teachers in 2021-2022. | Note: Due to the COVID pandemic, and the urgent need to support classrooms where teaching staff have tested positive, are quarantined or symptomatic with COVID, the team of instructional coaches have, at the time of this update, provided temporary (substitute) classroom instruction for most of the 2021-2022 school year. The instructional coaches are being temporarily funded with ESSER III because they are not performing their normal (Title I allowable) duties. They will resume their duties as instructional coaches, and will return to being funded with Title I once the pandemic subsides. Note: The team of instructional coaches was not funded with Title I in 2021-2022 because they mostly performed duties outside of that which is allowed under Title I. | There is an urgent need to restart the district's professional development programs in 2022-2023 with an emphasis on in-class coaching. If the pandemic subsides, the team of instructional coaches will return to providing professional development to teaching staff in 2022-2023. |
| The district will operate a CTC accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program. Beginning with the 2018-2019 school year, the district will implement a Clear Administrative | The Induction program served new teachers in the 2021-2022 school year. Induction coaches were not used to cover classrooms in 2021-2022. New teachers in the induction program received coaching and professional development leading to the clearing of their credentials. | The addition of universal transitional kindergarten has the potential to add to the numbers of new teachers in the district. This may increase the caseloads of induction coaches. | The district will continue operate a CTC accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program. The district will continue to support new administrators with a Clear Administrative |

- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 4

Communication between schools and home will be regular and meaningful.

| Actions/Activities | What is working & why? (Effective indicators) | What is not working & why (Ineffective indicators) | Modification(s) based on evaluation results |
|--|---|---|---|
| Implement a variety of parent education and outreach activities. Plan, organize and implement a series of parent involvement activities that focus on parents assisting students with literacy, Math, Science, skills, and homework and that are designed to improve school climate. Kindergarten Orientation (For parents) Read Across America Trimester Award Assemblies Parent Education Nights (Fall & Spring) Back-to-School Night Parent/Teacher Conferences | In 2021-2022, Simas focused on rebuilding the school community and the instructional program as both of these were significantly effected by the pandemic. One of the successes of this school year was the implementation of a parent involvement activity that also included students and that addressed the rebuilding of the school community. The goal of this activity was to promote time for families to connect with the school and enjoy a night of learning through fine arts. All actions and activities listed in the were addressed. | There will be a need to continue working to rebuild the school community and the instructional program in 22-23. There will be a continuing need to provide parents and families with support, training, and a sense of community with their school. There is a need to build upon the success of these activities to reach more families. | The school will continue to develop and deliver, and will work to expand the parent education and training opportunities for families and students |
| Provide parents with ongoing communication about the progress of their students. Parents will be informed of students' academic and social progress via weekly and/or throughout the use of the Synergy ParentVue online progress reporting system. Teachers will contact parents throughout the school year to schedule conferences as needed to address academic, behavioral, and social progress/concerns. | Parents used the online tools for communication and progress monitoring including ParentVue and Remind. The schools parent/teacher conference attendance rate was: 99.5% | The Remind system is becoming outdated and an upgrade is needed. Parent conferences were held remotely via Zoom. While this is not necessarily ineffective, in-person conferences are desirable. | The Remind communication system will be upgraded to Parent Square. If the COVID pandemic subsides, the school will return to in-person parent/teacher conferences. |
