ADDENDUM # 2

Energy Conservation, Renewable Energy, and Energy Related Capital Improvement Projects

Due to the delay in posting, the district is revising the deadline for submissions in response to RFQ/P #2122-BUS04.

Original Date: Friday, May 13, 2022 at 3:00 P.M.

New Date: Monday May 16 at 3:00 P.M.

Question and Answer

Question: Both the listed accreditation and DOE list pertain to Energy Service Companies (ESCOs), not consultants. Can the District confirm whether they are looking for an ESCO or a consultant to respond to the RFQ/P? If in fact the District is looking for a consultant, would the District be willing to remove the above-referenced ESCO-related requirements so energy consulting firms could respond to the RFQ/P?

Answer: The District is looking for a consultant. As such, the District will be removing both requirements listed above.

Please submit a signed copy of this addendum with your RFQ/P response.
