

Parent Permission Form

Dear Parents:

Your child will have the opportunity to become involved in support groups which meet throughout the semester. These support groups are designed to help students build self-worth and confidence, look at their own behavior and how it affects themselves and others, build healthy communication skills and help promote and encourage healthy lifestyles. These support groups will also be a component of the Teen Issues 2 and Teen Issues 3 courses.

Additional support groups will focus on the transition from school to work, to post secondary options, to military, etc. Guest speakers will be invited to give presentations.

Your electronic signature acknowledges that you have been informed about the support group opportunities and possible participation by your student.

If you have any questions you may contact Anne Casson at 753-8400.

Sincerely,

Anne Casson

SMPAC Guidance Counselor
