

CLASSROOM MANAGEMENT, DISCIPLINE AND CORRECTIVE ACTION

Rules of student conduct are essential to maintain a school environment conducive to learning. A student's refusal to comply with written rules and regulations established for the governing of the school will constitute sufficient cause for discipline or corrective action.

Staff are responsible for supervising student behavior, employing effective classroom management methods and enforcing the rules of student conduct in a fair, consistent and non-discriminatory manner. Corrective action must be reasonable and necessary under the circumstances and reflect the district's priority to maintain a safe and positive learning environment for all students and staff.

The district will distribute its discipline policy and procedure to students, their parents/guardians, and the community on an annual basis. Students and/or their parents/guardians will be provided all required substantive and procedural due process in regard to grievances, hearings and/or appeals of corrective action. The district will also strive to provide trainings regarding policies and procedures related to student discipline for appropriate school and district staff whose duties require them to interact with students and enforce or implement components of student discipline.

The district will assist long-term suspended and expelled students in returning to school as soon as possible by providing them with a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion.

The district will annually collect and review data on disciplinary actions taken against students within each school. The data will be disaggregated into subgroups as required by RCW 28A.300.042 and will include students protected by the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973. The review must include short-term suspensions, long-term suspensions and expulsions. In reviewing the data, the district will determine whether it has disciplined a substantially disproportionate number of students within any of the disaggregated categories. If disproportionality is found, the district will take action to ensure that it is not the result of discrimination.

In consultation with school district staff, students, families and the community, the district will periodically review and update this policy and its accompanying procedure.
