

**Memorandum of Understanding  
Between  
the Mead School District and  
the Mead Extracurricular Employees Association (MECA)**

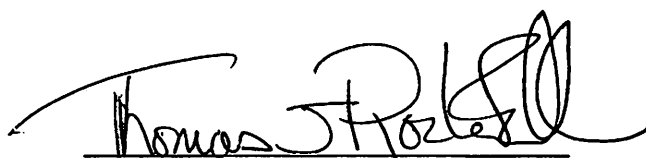

This memorandum of understanding sets forth the following agreement between the Mead Extracurricular Employees Association (MECA) and Mead School District # 354. This agreement should not be considered precedent setting by either party.

The District agrees to honor the request to pay for additional coaches for the second summer 2018 volleyball camp offered at Mt. Spokane High School. This is a one-time agreement to exceed the \$25,000.00 allocated to each high school as per Appendix H of the MECA CBA. The District has agreed to cover the cost of the \$600.00 needed to compensate coaches for this particular camp.

The District also agrees to honor the request to pay for an additional coach at Mead High School to support the Girls Cross Country program. This is a one-time agreement that precedes the new 15% floating stipend (Art. III. Section 8-pg. 7) that allows hiring additional coaches using ASB funds. However, the District agrees to cover the cost of \$1000.00 needed to pay for this particular coach.

Dave Whitehead, President  
Mead Extra Curricular Association

Thomas Rockefeller, Superintendent
