### Fraudulent Solicitation

**Pocatello** – A woman has been going door-to-door, in the Syringa School neighborhood, soliciting money donations on behalf of Syringa school's kindergarten. This woman is not representing Syringa, nor any other school in our District. It has also been reported to us that the woman stole property from one person's home. It appears she is targeting the elderly.

We have notified the Pocatello Police Department. If you any information about this solicitation or have given money to this person, please notify the police.
