

Strawberry Hill Magnet

An IB World School

Strawberry Hill, an extension of Rogers International School, is an inter-district magnet offering the International Baccalaureate Primary Years Program for grades K-4, and the Middle Years Program in grades 5-6. We will continue to expand the MYP program until we reach 8th grade in the fall of 2023. We are an inter-district school, accepting applications for students residing in Stamford and surrounding towns in CT.

What We Offer

The IB program strives to develop caring, life-long learners that embody the attributes of the Learner Profile. We are a collaborative learning organization of students, teachers, parents and community members who, through the IB program, promote real world application and concept-based understanding. We encourage student action and reflection. We challenge students to be internationally minded by examining multiple perspectives and respecting other cultures and beliefs.

We pride ourselves on a strong growing community with active family participation. Together, we are developing new traditions that showcase our learning and shape our school culture. We are building the foundation of a vibrant school community where we foster a sense of belonging and purpose.

The practice of life-long learning is central to our beliefs. Our dedicated and knowledgeable staff continually participates in professional development across multiple disciplines. This includes a Literacy How partnership with in-house coaching, Dr. Ban Har & Greg Tang Math, IBO World workshops, and Social Emotional Learning.

What We Do

- Spanish
- Chorus and Band
- Strawberry Dash - Fun Run & Obstacle Course
- Soundwaters
- Enrichment Clubs
