

Turn of River Middle School

Turn of River Middle School strives to offer something for every student so each child and family is able to connect to our school. This helps us to create an inclusive community of learners. Each grade level is comprised of interdisciplinary teams of teachers, creating a school within a school. TOR is proud to offer a bilingual program, as well as extensive afterschool programming to meet the diverse needs and interests of our students.

What We Offer

Turn of River's staff strives to meet the needs of individual learners by working closely with families and community agencies to support our students.

TOR has a strong sense of community. Our professional teaching staff works to challenge students' thinking, and many bring their personal interests and hobbies into the building. Our staff recognizes the importance of educating the whole student, cultivating good habits of mind, body, and heart.

Our students understand that being a TOR TITAN means being Safe, Responsible, and Respectful, not only in school, but in the community.

Our community of learners is diverse in a multitude of ways. At Turn of River, we support every student's need to achieve and also recognize that:

"What makes us different, makes us strong." -- *Shrek Jr, The Musical*
