THE LINCOLN WAY

Parent Talk:

Healthy communication plays an integral role in the well-being of constituents and the school as a whole. As parents, we depend upon the school to keep us abreast of pertinent information that can positively influence our student's experiences in school environment. One of our priorities at Lincoln Middle School is to share information with families on a consistent basis to make all aware of the various opportunities available for our students. Please help us learn which method(s) of communication works best for you as we partner with you to meet your student's needs. Your participation in this brief survey is greatly appreciated!
