

Set up your Canvas Parent Account using a desktop or laptop computer

*[Video instructions can be found here:](http://bit.ly/PikeCanvasParentVideo)
<http://bit.ly/PikeCanvasParentVideo>*

Start at <https://pike.instructure.com>

Click the banner, “Parent of a Canvas User? Click here for an account.”

Link to your child’s Canvas account. You will need your student’s pairing code.

Students will need to login to their account, click “account” and then select “Pair with Observer.” If you have multiple students in Pike schools, you can add multiple student pairing codes to your account once it is created. Here is an online directions sheet for [creating the code](http://bit.ly/PairingCode) (<http://bit.ly/PairingCode>) and [linking multiple accounts](http://bit.ly/MultipleStudents) (<http://bit.ly/MultipleStudents>).

Enter a valid email address, once verified, this will become your Canvas Parent User Name.

Confirm your email address.

Login to your email account.

Open the email from Pike Township with the subject line: “Confirm Registration: Canvas.”

Click the link in the email that says “Click here to finish registration process.”

Set your parent password.

This password, along with your personal email address, will become your login information for Canvas Parent. Please keep a record of this information. It will not change from year to year even as your child’s password changes.

Your parent account is now complete! For future logins, simply go to <http://pike.instructure.com> and use your email address and password.
