# **The smartest thing a parent can do...**

**...is to take advantage of all the resources that are available to help a child succeed in school—and at home.**

**Through a unique and innovative partnership, your child's school has entered into an agreement with Cummins Behavioral Health Systems, Inc. to provide a variety of services for students and their families.**

### **How this partnership benefits students and families:**

- School personnel and Cummins' staff can quickly identify needs that students may have.
- Cummins staff are located at the school and work hand in hand with teachers, school counselors, parents, and students.
- Parents/guardians are consulted each step along the way and are active participants in planning and carrying out treatment.
- Most services can be provided at the school or in the home, making it more convenient—and they are available year-round.
- **In addition, Cummins has successfully developed the provision of virtual services for even more family convenience.**
- Services are strictly confidential, and no care will be provided unless the parent/guardian gives permission.

### **All we ask...**

*... is that you become actively involved in your child's care. When parents and behavioral health professionals combine their knowledge, amazing things can happen!*
