

Westminster is seeking an AP Chemistry teacher who will bring enthusiasm and experience to the classroom.

Qualified candidates will possess at minimum an undergraduate degree in a related field and be certified or certifiable with the Florida Department of Education.

Applicants must be able to:

- Develop lesson plans and original assessments
- Keep accurate records of student progress
- Communicate with students, parents, and counselors to discuss any concerns or issues that may arise.
- Collaborate with the department head and colleagues in their department on a regular basis.
- Successful candidates will be able to articulate and implement an educational philosophy based in a reformed, evangelical theology and must be an active member of a Protestant church.
