

# Stamford High

Stamford High School (SHS) is a comprehensive public high school located in Stamford, CT that fosters and maintains a culture which focuses on the importance of academics and routinely celebrates student achievement. SHS offers International Baccalaureate (IB) and a dual enrollment program called Early College Studies (ECS), which allows students to acquire an associate degree in mobile programming or software design from Norwalk Community College. Additionally, SHS offers 20 Advanced Placement courses, 12 UCONN Early College Experience (ECE) classes and 24 honors level courses.

## What We Offer

The Stamford High School partnership of administrators, faculty, and staff believes that we must provide a rigorous, relevant curriculum for all students that promote critical and creative thinking.

The Stamford High School faculty has created the following 21st Century Learning Expectations and will work together to ensure that all students master these academic, social, and civic skills at a proficient level (or above) by the time they graduate in preparation for college and/or the workplace.
