Parent/Guardian Dashboard

Parents/Guardians can be assigned a MaiaLearning account to view the student's activities and progress in MaiaLearning. Parent/Guardian accounts are added by the student's counselor. Once the account is created you will receive an email with a one-time login link to set up your account. If you need assistance accessing your account, contact your student's counselor.

Once you log in, you will see a list of the students you are connected with, along with any assigned surveys. Click the student's name to view the student's dashboard and access the MaiaLearning career and college planning resources. If any surveys have been assigned to you, click 'Start' or 'Continue' in the Actions column to begin or continue responding to the survey.

On the main student dashboard, you will see the student's assigned counselor, any upcoming assignments, and a snapshot of the student's activity in MaiaLearning. Use the left-side navigation menu to explore the features in MaiaLearning.

The icons on the far left under **View** will show whether you are viewing the student or parent dashboard. To get back to your own dashboard (to access surveys, your MaiaDrive, or view the dashboard of another student you are connected to, click the Parent icon on the far left.
