### **About the National Trust**

The National Trust is a conservation charity founded in 1895 by three people: Octavia Hill, Sir Robert Hunter and Hardwicke Rawnsley, who saw the importance of the nation’s heritage and open spaces and wanted to preserve them for everyone to enjoy. Today, across England, Wales, and Northern Ireland, we continue to look after places so people and nature can thrive.

The National Trust is for everyone – we were founded for the benefit of the whole nation. We receive on average more than 26.9 million visits each year to the places we care for that have an entry fee, and an estimated 100m visits to the outdoor places that are free of charge. Paying visitors, together with our 5.6 million members and more than 53,000 volunteers, support our work to care for nature, beauty, history. For everyone, for ever.
