On-Demand Public Transit

Offering enhanced connections to MVTA fixed routes

## WHAT IS MVTA CONNECT?

MVTA Connect is a **"microtransit"** service. Microtransit is an on-demand transit service that offers flexibility for riders to make connections, particularly at the beginning and end of their journeys, in aims of connecting to a wider network of fixed route service. Goals of microtransit service include expanding access and opportunity through geographic and demographic reach.

**MVTA Connect runs from 6am-9pm**

**A round trip on MVTA Connect costs \$3**

**Free same-day transfers to MVTA service**

## WHY MVTA CONNECT?

MVTA Connect delivers flexibility, value, and more options for riders in the south metro to access the MVTA system of dedicated routes. Ride on demand service operates **7 days a week, from 6am to 9pm.**

The MVTA Connect service area includes areas of **Apple Valley, Burnsville, Savage, and Rosemount, and Eagan.**

MVTA Connect riders can connect with express and local bus services at transit stations and park and rides. While riders are able to book a trip anywhere within our designated Connect service area boundary, MVTA Connect is an ideal solution to access many of our key express and local routes.

Best of all, **transfers between Connect and Fixed Route service are free!**

If within the MVTA Connect service area, Connect can be utilized to reach key stations such as **Burnsville Transit Station, Apple Valley Transit Station as well as Cedar Grove Transit Station and Eagan Transit Station.**
