FOOD SERVICE NEWS & UPDATES

New Interactive Online Menu

The Canton Local School District encourages students to take advantage of the nutritious and tasty breakfast and lunch programs offered in each of our schools. In addition to our regular menu, we offer online, interactive menus that show the nutrition information for our breakfast and lunch items.

The menu lists the foods that will be served at school for the month along with nutrition and allergen information for that food item. Parents and students can customize and build menus based on dietary restrictions. For example, for Carbohydrate Counts, select the "Build a Menu" bar on the day your student plans to eat at school and choose the food items. The system will automatically add the carbohydrates for the meal at the bottom of the page.

A convenient mobile app is available for both Apple and Android phones. QR codes and links to menus are available at cantonlocal.org/food-service-menus.

SUMMER FUN AND LEARNING

Summer Camp teachers keep learning fun

During six weeks of the summer, our kindergarten through fourth grade students had the opportunity to attend Canton Local's Seamless Summer Camp. Each week featured a special theme and events such as a StarLab, the Akron Zoomobile, and a visit from our very own local heroes, the Canton Township Fire and Stark County Sheriff's Department. Summer camp encourages students to explore the world, discover their engineering skills, soar into space, and exercise their minds and bodies.

Above: Tyler Robinson and Alivia Miner work on their math skills during Seamless Summer Camp.

Below: Philip Swier, Kya Froelich and Jacob White test their knowledge of shapes and angles.

Stark County Bookmobile

Throughout the summer, the Stark County Bookmobile made various weekly stops in our district, including Walker Elementary, Vienna Woods, Waco, and Seamless Summer Camp. The Canton Local School District appreciates our partnerships within the community that help us provide great resources for students.

Lilly Nyland found her perfect summer book.

Brian Yerkey and other campers enjoy listening to a story on the Bookmobile.

Safety World

Safety World is an educational program that introduces incoming kindergarten and 1st grade students to safety issues. It is designed to educate young children in a non-threatening manner, while offering information that is easy for children to understand and use. The skills taught at Safety World empower young children with the ability to avoid needless accidents and instill good safety habits at an early age.

Nineteen children participated in the Safety World education program in June. Canton Local teacher Rebecca Steinke and community member Deborah Barnes taught the program with help from CSHS teens and township safety forces such as Randy Feesler from the Natural Resources Department Division of Watercraft pictured with students above.

Captain Rick, Firefighter Tom and Firefighter Dane from the Canton Township Fire Department were on hand to teach fire safety at the June Safety World event. Students also had the opportunity to climb aboard a fire truck and try out equipment.

Canton Local Preschool Registration: August 8

The Canton Local Preschool program serves typically developing children and children with special needs who live in the District. Children need to be at least four years of age by September 30, 2017 to apply. The program includes free breakfast, lunch, and transportation to and from preschool. Class sizes are limited. Registration and screening will take place at Walker Elementary School on Tuesday, August 8, 2017. Call 330-484-8022 for more information on qualification and registration.
