Do your best to read for 20 minutes every day this Summer (or at least a lot of them).

Or have someone read to you.

It's great for your brain.... Yeah! Brain Power!

It's great to practice **WRITING** too! Make up your own stories or write about what is happening in your life or what you like—maybe it's dragons, sports, dance, art, playing singing. Whatever you want, even write lists of things you want to do, a shopping list, List of books you've read and more. Bring what you write into the library when school starts in August 2022 and get prizes for that too!
