

Chandler Enjoys New Role Outside Of Classroom

TUPELO, Miss. — After spending 24 years as a teacher, Jeni Chandler made the transition to Central Office last year as the new McKinney-Vento Coordinator/Foster Care contact.

While she misses the classroom and the daily adventures with students, the Vicksburg native has discovered her new role to be just as impactful and rewarding. Now, she works closely with families and school officials to ensure students are given every opportunity to succeed.

She added the best part of her new job is coordinating with community partners to provide much-needed resources to TPSD families and students.

Away from work, this coffee lover enjoys family time with her husband, Justin, and their two daughters, Abbie and Emilie.

A graduate of Mississippi State, she loves shopping, reading and exercising. And if there is a favorite vacation destination, it's the beach.

This week's TPSD Administrative Focus and winner of a Buffalo Wild Wings gift card is Jeni Chandler of the Tupelo Public School District Central Office.
