DSD Custodial

Learning First!

Square Floor Buffer Summer Rentals

Remember that **ONLY** those who have a summer lunch program will be able to schedule the square floor buffers from August 1-19.

Equipment Certifications

All lifts must be inspected and certified either by the manufacturer or an accredited service company **annually**. Any repairs that need to be done to lifts **MUST** be done by the manufacturer or an accredited service company. Before each use of lifts make sure all safety equipment and guards are functioning on your equipment. **YOU MUST HAVE A HARNESS AND HARD HAT** to be compliant and not void any manufacturer warranties, or be liable for any altered equipment or devices

Who Pays?

Schools pay for lifts owned by the school or location (Custodial budgets do not pay for lifts used for drama, sports, etc.) Schools that share lift ownership must share in the expense.

Overnight Parking

If you are having issues with overnight parking at your location, please take a few photos and send that information to your Coordinator. This makes parking lot sweeping, snow removal, and striping very difficult.

Filters

Filters need to be changed once a year, this includes portables, univents, and wherever your facility may have filters. Remember to log the date the filter was changed and write the date on the filter itself. The filters **DO NOT** come out of your custodial budget. New filters are rated for 9-12 months.

Substitute Sweeper

14-15-year-olds can now sub at your location. You must have filled out the Supervisor Training form and sent it to Raini to have access to the sub-list for sweepers. If you have any questions, contact your coordinator.
