Annual Open Enrollment

The annual open enrollment for voluntary accident insurance occurs annually at the end of each school year. The effective date of your benefit election is September 1st. During the annual open enrollment, you have the chance to apply for voluntary accident insurance to meet your personal needs.

Changing Coverage during the Year

In addition to making changes during each year's Open Enrollment, you may apply for or make changes in your Voluntary Accident Insurance coverage during the year if a "Qualified Life Event," as enumerated in IRC Section 125 occurs:

- Marriage or divorce
- Birth or adoption of first dependent child
- Death of your spouse or dependent child
- Termination or commencement of your spouse's employment
- Change in your or your spouse's job status from full-time to part-time or part-time to full-time

Coverage amount rules that apply to you as a new hire also apply when you experience a Qualified Life Event.

Beneficiaries

The beneficiary you name for Basic Accident Insurance will be your beneficiary for your Voluntary Accident Insurance coverage unless you choose someone else. You may change or add beneficiaries at any time by completing a beneficiary form. You are automatically the beneficiary for any accident coverage you elect for your spouse and child(ren).

If you have not named a beneficiary, or your beneficiary does not survive you (or, in the case of dependent life, you do not survive your dependents), your benefits will be paid to the first survivor among:

- Your spouse, in full;
- Your child(ren), in equal shares (natural children, legally adopted children, and stepchildren who reside with you);
- Your parents, in equal shares;
- Your brothers and sisters, in equal shares;

If you do not have any living beneficiary or immediate relatives, your benefits will be paid to your estate.

Your Certificate of Insurance provides complete details of your voluntary accident insurance coverage, including any requirements necessary to receive a benefit or exercise an option, and any specific benefit/option limitations and/or exclusions.
