

2020-2021

WORKFORCE DEVELOPMENT INTERNSHIP

The Montgomery County Educational Service Center is looking for 14 high school sophomores from around the region to work alongside Dayton professionals, businesses, and educators to help design creative ways to connect students to careers for their school district.

During this 5 week internship, students will synthesize research, participate in group discussions, and design career connection activities and events.

Students will have the opportunity to present their final projects to the Montgomery County ESC's Business Advisory Council Student Engagement Working Group.
