*This Annual Report is published in compliance  
with Ohio Revised Code 3319.94 to provide a progress report  
of the Montgomery County Educational Service Center's achievements  
in meeting its goals. This Annual Report covers the period  
of July 1, 2009 to June 30, 2010.*

*Frank DePalma, Superintendent*

---

## **EDUCATION IS FOUNDATION FOR SUCCESS**

<b>Philosophy</b>	<p>The Montgomery County Educational Service Center believes that all students should be given educational experiences that maximize their potential in meeting the challenges of a constantly changing world. We believe that the ultimate goal of education should be to engage students in the problems of a subject matter, in the processes of thinking, and in connecting learning with real life and work. As students develop greater competence and confidence, they must assume responsibility for their own educational processes. Finally, to realize success in the communication age, all students must interact with technology to enhance their acquisition of knowledge and problem-solving skills.</p> <p>We believe it is our mutual responsibility to provide visionary leadership and quality services that promote effective learning communities.</p>
<b>Mission Statement</b>	<p><b>The Montgomery County Educational Service Center provides effective leadership and quality services to educators, students, local boards, and the community.</b></p> <p>The County Educational Service Center supports a system for strong, collaborative linkages of the major stakeholders: districts, educational providers, students, parents, and the public at large. Through these combined efforts, the Center works actively to support the schools' continuous improvement processes by offering a broad range of quality services and programs. These services and programs focus on challenging and meaningful curriculum for all students, professional development, personnel and business management, student intervention, and active communication.</p> <p>These cooperative efforts are designed to strengthen the capacity of the districts to achieve quality and cost-effective programs.</p>

## SUPERINTENDENT'S MESSAGE

The 2009-10 school year was one of success in established services and in new endeavors. Traditional direct classroom services to children remained strong and included:

<u>Location</u>	<u>Students</u>
MCESC Learning Centers	
Emotionally Disturbed . . . . .	150
Multiple Disabilities . . . . .	162
Preschool . . . . .	2
Includes Individual/Group Mental Health for 152 Students	
Kettering Behavioral Medicine Center . . . . .	137
Kettering Hospital Based Mental Health Program; Schools Pay for Tutoring	
Youth Empowerment Program . . . . .	14
Partial Day Mental Health Paid by Insurance; Schools Pay for Tutoring	
Youth Partial Hospitalization . . . . .	57
Primarily Mental Health Paid by Insurance; Schools Pay for Tutoring	
Occupational Therapy . . . . .	2,155
Occupational Therapists Travel to Students	
Physical Therapy . . . . .	906
Physical Therapists Travel to Students	
Hearing Intervention . . . . .	144
Therapists Travel to Students	
Vision Intervention . . . . .	124
Therapists Travel to Students	

Montgomery County Educational Service Center services are provided by a highly trained staff. I thank the MCESC staff for their dedicated service to children throughout the region.

## **MONTGOMERY COUNTY GOVERNING BOARD OF EDUCATION**

### **Board Members Have Important Role**

---

Each board member brings with him or her a commitment to the cause of educating youth and the desire to serve their communities and the schools through the important role they play in education. This commitment, when combined with the expert knowledge and experience of staff members of the county and local schools, ensures the success of the county local school educational program in meeting the needs of students.

Board members have a broad range of responsibilities including hiring of the superintendent and his staff, approving contracts and policies of the county, and providing oversight activities carried out by staff members.

As elected officials, board members are highly visible in their communities and serve as a resource to informally survey public opinion and facilitate two-way communication between the schools and their publics.

## OFFICE OF HUMAN RESOURCES

### EXPERIENCED, DEDICATED EMPLOYEES NECESSARY FOR QUALITY EDUCATION

Experienced and dedicated employees are an important part of the Montgomery County Educational Service Center program.

The Montgomery County Governing Board of Education employed 350 people in 2009-2010, with 223 of them certificated in education. Certificated staff members averaged 13.3 years of experience in education. (Reported as of October 1, 2009.)

Of those certificated employees, 70 percent had a master's degree, and an additional 5 percent held a doctorate degree. The remainder (25%) held at least a bachelor's degree.

Staff members are encouraged to participate in additional training opportunities such as workshops, inservice programs, and seminars which apply to their particular area of expertise.

At various times throughout the year, the Montgomery County Educational Service Center Curriculum and Development Office plans workshops dealing with current topics and issues in education. Local school district certificated personnel and teachers or administrators from other area school districts often attend these workshops.

Classified staff members have similar opportunities for participation in workshops which will help to maintain professionalism and update skills used in their jobs.

Certificated and classified employees provide services which support the educational process at the county level, in local school districts, and to other school districts in Montgomery and neighboring counties.

The objective of each employee at the Educational Service Center office is to provide the best services which affects quality education for the students, parents, and communities we serve.

## **DEPARTMENT OF CURRICULUM, PROFESSIONAL DEVELOPMENT, AND PUPIL PERSONNEL**

---

The curriculum department continues its ongoing effort to partner with teachers and administrators to bring up-to-date, meaningful academic standards and instruction into every classroom. The county staff delivers direct and indirect support for continuous improvement planning, best instructional practice, staff development, and assessment. Many new initiatives with significant impact are creating opportunities for change. The curriculum staff plays a major role in developing sustained capacity in each district in order to implement these initiatives.

- MCESC, in conjunction with Virtual Community Schools of Ohio, created an alternative program for Montgomery County students who are unable, for a variety of reasons, to participate in a traditional school setting. Over 270 students have been served since inception in 2005. VCS Ohio's online curriculum allows students to set their own schedule, work at their own pace, and access work twenty-four hours a day. VCS provides all computer equipment, internet access, and face-to-face tutoring at the Boonshoft Museum of Discovery, giving students an opportunity to earn a high school diploma.
- Professional development opportunities continued in support of our teachers and administrators. Some of these included:
  - Data Teams
  - Hands On Algebra
  - Professional Learning Communities
  - Effective Grading Practices
  - STEM Institute for School Leaders
  - Inquiry in the Classroom
  - Ohio Improvement Process
  - STEM Center Curriculum

*Curriculum staff completed Marzano training.*

### **REGION 10 STATE SUPPORT TEAM**

Montgomery County Educational Service Center hosts regional school improvement services from the Ohio Department of Education. These services are designed to support schools and districts designated as school improvement under the No Child Left Behind guidelines. Four regional State Support Team (SST) Consultants work collaboratively with district, building, and teacher-based teams in order to address academic and instructional needs. The SST Consultants provide intensive data analysis, strategic planning, implementation and monitoring of focused goals and strategies using the Ohio Improvement Process as a framework for change. SST are charged with deployment of other ODE targeted initiatives designed to improve student achievement.

### **SPECIAL EDUCATION CURRICULUM SUPERVISION**

The special education curriculum supervisor is actively involved with curriculum initiatives, in addition to her unique role as supervisor for programs for disabled children. This supervisor provides legal support, staff development, and instructional consultation to assist teachers and administrators in meeting program requirements.

### **STEM INITIATIVE**

STEM (Science, Technology, Engineering, and Math) has become a national and local challenge. State policy leaders, educators, and other stakeholders must rethink the design of our schools in order to ensure that all students are outfitted with appropriate technology and create relevant learning experiences both in and out of traditional classroom settings. Dayton Regional STEM Center (DRSC) coordinates an established network of regional institutions and professionals that provides rich opportunities for STEM education by training and supporting educators, designing curriculum aligned to the workforce needs, training school leaders at the district and building level, and supporting schools and program models committed to STEM teaching and learning. The DRSC has created a STEM Fellows Model which has brought together the best and the brightest professionals in the region – a mix of preschool through high school teachers, higher education faculty and researchers, and practicing STEM industry professionals – to work in teams to align academic standards, curricula and assessments with the exceptions of college and work in key regional economic clusters: Human Performance/Medicine, Advanced Manufacturing/Materials, Air Vehicles/Systems, Energy/Power and Propulsion, and Sensors. Since its inception three years ago, the DRSC has trained over 190 STEM Fellows, created 70 STEM units of instruction, trained over 515 teachers in curriculum and pedagogy, and trained 64 school leaders in STEM understanding and implementation.

*Margy Stevens, Assistant Superintendent, at Air Camp.*

### **GIFTED SERVICES**

Our two gifted coordinators work primarily with the six local districts: Brookville, Jefferson Township, Mad River, New Lebanon, Northridge, and Valley View. They provide gifted services that include the following:

- Help with testing and identification.
- Curriculum design and teaching strategies for gifted and regular education teachers.
- Professional development opportunities, including inservices with district gifted and regular education teachers as well as larger workshops open to all schools in the county.
- Consultation with gifted teachers, parents, and students.
- Provide leadership training and opportunities for students.
- Assistance with planning and attending field trips and college visits.
- Special parent workshops.
- Model lessons with gifted classes and regular classroom teachers.
- Enrichment opportunities for gifted students.
- Information about competitions and participation in special programs and summer opportunities for gifted children.
- Outdoor education camp for gifted students in grades four, five, and six.
- Informing school districts of legislation pertaining to education of gifted students in Ohio.

If you have questions regarding gifted education and/or services provided by our gifted coordinators, please send an e-mail to Dennis Hern at [dennisehern@aol.com](mailto:dennisehern@aol.com) or Judith Mack at [judy.mack@mcesc.org](mailto:judy.mack@mcesc.org) or call 937/225-4603, extension 3006 or 3003.

### **SPEECH SUPERVISION**

The speech supervisor consults with speech pathologists in three counties. The supervisor ensures that our region receives high quality, best practice service by providing legal consultation, theory, evaluation, and diagnostic/treatment support.

*STEM Fellows using the STEM kits and curriculum they developed.*

## OFFICE OF OPERATIONS

The Office of Operations assists districts, both city and local, in Montgomery County and the MDECA service area by:

1. Providing up-to-date information pertinent to education.
2. Providing accountability for MCESC services.
3. Working collaboratively with school districts for best services at the lowest cost.
4. Communicating legislative updates.
5. Providing resources for school districts.
6. Providing leadership for financial and transportation issues.
7. Monitoring home schooling requests for local school districts.
8. Providing up-to-date information from ODE.
9. Providing maintenance schedule for properties owned by the Montgomery County ESC.
10. Sponsoring representative for Mound Street Academies.

**Buddy Coffey,**  
**Assistant Superintendent**

200 South Keowee Street,  
Dayton, Ohio 45402-2242

Phone: 937/225-4598

E-Mail:

woodyard@mdeca.org

Metropolitan Dayton Educational Cooperative Association (MDECA) is the primary provider of high quality, cost effective solutions to area school districts for data management, electronic connectivity, and information access using emerging technologies. Software applications supported include payroll, accounting, equipment inventory, Student Information System (DASL), Library Automation, Electronic Gradebook with Parent Access, and Educational Management Information System (EMIS).

MDECA also provides LAN/WAN connectivity and management solutions to the public schools, community schools, and non-public schools in the surrounding four counties, representing an excess of 110,000 students. MDECA serves as the host for the connectivity of the instructional buildings providing e-mail, Internet and filtering capabilities, and video conferencing.

## **MCESC REGIONAL TRANSPORTATION**

MCESC Regional Transportation provides services to challenged students in the six-county region (Clark, Darke, Greene, Miami, Montgomery, and Preble) who are placed in educational programs outside of their resident school district. In the 2009-2010 school year, ten bus routes carried 133 students. Each MCESC bus is staffed with well-qualified drivers and aides who are certified in CPR/First Aid. Drivers and bus aides are required to attend annual training seminars which cover transportation of students with special needs, CPI training pupil management, defensive driving, and many other aspects of transportation safety.

## **MCESC TECHNOLOGY DEPARTMENT**

**Matt Lewis and  
Scott Fife,**  
**Technology  
Coordinators**

MCESC Learning Center  
3500 S. Kettering Blvd.  
Dayton, Ohio 45439

Phone: 937/253-4178,  
extension 3029  
Fax: 937/259-5764

The Montgomery County ESC Technology Department provides purchasing advice, installation, and support services for approximately six hundred pieces of computer equipment and the associated internal networks that supply them with data from the outside world. The technology department provides services to users ranging from selecting appropriate hardware and software, ensuring that daily data backups and logs are running correctly, and answering desktop user questions.

Supported sites are Special Programs Learning Center classrooms and various leased classrooms located within Montgomery County, the Administration Building, the Miami Valley Regional Center, which is also supported by Jon Elzey a software specialist, and the Regional Transportation department.

## MIAMI VALLEY REGIONAL CENTER

The State Support Team Region 10 includes Clark, Darke, Greene, Miami, Montgomery, and Preble counties and encompasses fifty-six school districts, six county boards of MR/DD, six educational service centers, colleges/universities, four joint vocational school districts, and anyone working with individuals who have disabilities, ages birth through twenty-one.

The purpose of the Regional Center is to assist school districts in providing those programs and services to children with disabilities that can be offered more effectively and/or efficiently on a multi-district basis.

The services available at the Regional Center encompass many different areas.

The Regional Center can assist with the identification of youngsters in need of special education and the development of programs to meet these needs. After children are identified as needing services, many highly trained professional people that make up the Regional Center staff are ready to serve schools, families, and children.

The **Educational Assessment Team** assists school districts in completing multi-factored evaluations for children ages 3-22 who present unique challenges for the district's own assessment team. Professionals on the team have specialized training in audiology, low vision, augmentative communication/assistive technology, occupational/physical therapy, speech and language, school psychology, and autism spectrum disorder evaluation. The Regional Center Assessment Team also provides Independent Educational Evaluation and second opinion evaluation options to eligible districts. Additionally, the team is able to provide consultation and technical assistance to districts on a variety of topics including model policy and procedures, best practice initiatives, IDEIA standards, new assessment instruments, etc.

In the area of Early Care and Education for children three to school age, the **Early Childhood Services Coordinator** provides assistance in interpretation of preschool rules, assessment, developmentally appropriate practice, and transition activities prior to age three and into school age programs.

---

**Donald Sheer, Assistant Superintendent**  
4801 Springfield Street, Riverside, Ohio 45431  
Phone: 937/236-9965  
Fax: 937/233-0161  
E-Mail: [don.sheer@mcesc.org](mailto:don.sheer@mcesc.org)

---

Professional development for professionals, parents, and caregivers is provided in our region on a variety of topics. These range from Autism, ADA and Child Care, Curriculum Content Standards, Math Tool Kit, Language and Literacy, etc.

Coordination of regional initiatives through the State Department of Early Childhood and updated information are also an integral part of the Early Childhood Services Project.

**For additional information, contact:  
Don Sheer, Assistant Superintendent, at 937/236-9965.**

*Dr. Rosanne Douville, Audiologist,  
testing a student's hearing.*

***Vision/Hearing Intervention*** services are provided to school districts in the six-county region serving children with visual/hearing impairments and students with multi-disabilities to assist them in their educational placement and program activities.

***Orientation and Mobility*** is a service provided for schools in the six-county region serving children with visual impairments and students with multi-disabilities to assist them in gaining skills that allow them to move independently around their schools and communities.

***Hearing Intervention Services*** provides educational services to students with hearing loss. They also work with IEP and teaching teams to provide appropriate educational services for deaf and hard of hearing students in a wide variety of placements.

Our ***Family Consultant*** provides technical assistance and information to professionals and parents in the six-county region. The Family Consultant coordinates the activities of the Parent Advisory Council and provides inservice training to professionals and parents.

**For additional information, contact: Pat Gay at 937/236-9965.**

The ***Occupational/Physical Therapy Services Cooperative*** provides educationally oriented services to more than sixty districts in five counties. The Cooperative has fifty-four fully licensed therapists providing a full range of OT/PT services to students with disabilities. All therapists utilize an integrated and school based philosophy and approach. The department provides evaluation and consultation for students that have been identified as educationally "at risk." Staff address modifications/accommodations, assistive technology, fine and gross motor issues, educationally relevant sensory and behavioral concerns, and equipment needs. The group places a strong emphasis on teacher support to enable them to implement therapy activities into classroom learning strategies.

The Cooperative has hosted several workshops this year. These workshops serve to train teachers, therapists, or both. During this past year, we continued to fulfill the department's mission statement: As valuable members of the educational team, we facilitate each student's unique potential, thereby enhancing his or her ability to meet life's challenges.

**For additional information, contact:  
Cheryl VanHoose at 937/236-9965.**

*Cheryl VanHoose, OT/PT Coordinator,  
training university PT students.*

**The Mentoring Collaborative of Montgomery County** serves to network all agencies providing mentoring services for youth and to train and certify both the agencies and individual mentors within our partner agencies. The Mentoring Collaborative works in conjunction with the Montgomery County Educational Service Center and the Montgomery County Family and Children First Council.

The Mentoring Collaborative provides training services for agencies that connect mentors with at-risk kids. Whether you are looking to become a certified agency or looking to join one of our partners as a trained mentor, The Mentoring Collaborative provides all of the resources you will need to effectively make a difference in a child's life. We provide:

- ✓ Training of Partner Agencies, Mentors and Mentees
- ✓ Background Checks
- ✓ Enhanced Technical Support
- ✓ Marketing of "Mentoring" Brand
- ✓ Mentoring Recruitment Support Plan for Partner Agencies

**For additional information, contact:  
Mark Baker or Kimberlee Gambrell at 937/236-9965.**

**ReadySetSoar** is a public/private partnership of early childhood professionals, community and business leaders who are committed to improving the quality of early care and education for all children in the Miami Valley to help make every child school ready.

Program Objectives:

- Create and sustain quality early learning environments
- Advance the early childhood profession
- Support families in their children's healthy development
- Maximize investments in quality programs

**For additional information, contact:  
Robyn Lightcap, Director, at 937/236-9965, extension 2241.**

The **Regional Center Library**, sponsored by the Montgomery County Educational Service Center, operates a lending library of professional resources and instructional materials available for loan to stakeholders in our six-county region. Additionally, we offer disability awareness programs (Kids on the Block and Everybody Counts) and some instructional materials development services, such as Board Maker software and laminating services.

**For additional information, contact:  
Don Sheer, Assistant Superintendent, at 937/236-9965.**

*Two area teachers reviewing library materials.*

The Regional Center staff of 95 people is ready to serve the needs of our six-county region. A call to 937/236-9965 can connect anyone to the most diverse collection of highly qualified professionals to meet special education needs in the region.

## OFFICE OF STUDENT PROGRAMS

The Office of Student Programs provides a variety of educational programs to prepare students to meet academic, social, cultural, civic, and employment needs. Each student's educational program is designed to provide skills that will lead these children towards independence as adults. The program for students with multiple disabilities had 153 students (150 F.T.E.) in twenty classrooms. The program for students with emotional disabilities had 153 students in seventeen classrooms. Five tutors worked with students in the Youth Partial Hospitalization Program/Individual Out-Patient Program. One tutor worked with adolescent students in a program for children having problems with drugs and/or alcohol consumption. One tutor worked with students in a Residential Mental Health Program entitled KBMC. One teacher worked with students at the Center for Adolescent Services, a juvenile detention facility. One tutor worked with students in the Youth Empowerment Program.

The Preschool Program for students with hearing impairments is unique. The program emphasizes teaching verbal communication and focuses on students who demonstrate the desire and ability to develop spoken language.

Student community activities included several experiences in the field of fine arts as well as volunteer work activities at many sites. Students also participated in a talent show. These educational field trips help students to learn the proper behaviors in social settings. Highlights of the year included the annual MD prom, the MD graduation and the ED eighth grade graduation.

*Students in a class at the  
Montgomery County Learning Center  
on Wilmington Pike.*

Transition to Work services focused on community training locations including retail stores, restaurants, hospitals, and service companies. Emphasis was placed on developing the skills necessary for the workplace and independent living.
