

November 28, 2016

To the Board of Education  
The Citizens' Oversight Committee  
Long Beach Unified School District

Dear Board of Education and Citizens' Oversight Committee Members:

The District has issued bonds, Measure K, under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution, and as such has engaged Vicenti, Lloyd & Stutzman LLP to perform an independent performance and financial audit of the bond proceeds from the sales of such bonds.

This letter is intended to inform the Board of Education (Board) and Citizens' Oversight Committee (COC) members about significant matters related to the conduct of the annual audits to appropriately discharge its oversight responsibility. In addition, professional standards require that we provide the Board with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* as well as certain information related to the planned scope and timing of our audits. Our responsibility is described in our letter to management dated April 16, 2016. Professional standards also require that we communicate to you the following information related to our audits.

### Significant Audit Findings

#### *Qualitative Aspects of Accounting Practices*

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the District. The significant accounting policies used by the District are described in Note 1 to the bond fund financial statements. No significant or unusual transactions or significant accounting policies related to controversial or emerging areas for which there is a lack of authoritative guidance or consensus were noted. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the District's financial statements are the recognition of estimated liabilities at the end of the fiscal year and evaluating the District's exposure to certain litigation matters. We believe management's estimates are reasonable, based on our audit. The financial statement disclosures are neutral, consistent and clear.

*Difficulties Encountered in Performing the Audit*

There were no difficulties encountered in dealing with management relating to the performance of our audits.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audits.

*Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that the effect is immaterial to the financial statements taken as a whole.

*Management Representations*

We have requested certain representations from management including but not limited to the fair presentation of the financial statements, application of generally accepted accounting principles and management's responsibility for establishing and maintaining effective internal controls. These as well as other representations are included in the management representation letters, financial and performance, dated November 28, 2016.

*Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. We are not aware of any consultations management had with other accountants regarding accounting or auditing matters.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

*Other Matters*

Effective January 2014, Senate Bill 581 requires the annual financial and performance audits to be submitted to the Citizens' Oversight Committee when submitted to the school district. In addition the bill requires the governing board of the district to provide the Citizens' Oversight Committee with responses to findings addressed in the financial and performance audits within three months of receiving the reports. This second requirement is met as a matter of practice under *Government Auditing Standards* which requires the auditor to obtain and report the entity's planned corrective actions.

Senate Bill 584 is effective for the 2015-16 fiscal year and directs the State Controller, in consultation with the State Allocation Board, the Department of Finance, and the State Department of Education, to submit content related to financial and performance audits to the Education Audits Appeal Panel to be included in the annual audit guide. The scope of the audits as a result of this legislation has not resulted in any significant change.

*Closing*

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the Long Beach Unified School District.

Restriction to Use

This report is intended solely for the information and use of management, the Board of Education, and members of the Citizens' Oversight Committee and is not intended to be, and should not be, used by anyone other than these specified parties.

**FINANCIAL AUDIT OF THE MEASURE K BOND FUND**

**INDEPENDENT AUDITOR'S REPORT ON THE  
MEASURE K GENERAL OBLIGATION BOND  
FINANCIAL STATEMENTS**

The Board of Education  
The Citizens' Oversight Committee  
Long Beach Unified School District  
Long Beach, California

**Report on the Financial Statements**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the Long Beach Unified School District (the District), as of and for the fiscal year ended June 30, 2016, and have issued our report thereon dated November 28, 2016. We have also audited the accompanying Measure K Bond Fund financial statements of the District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's Measure K Bond Fund financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such

The Board of Education  
The Citizens' Oversight Committee  
Long Beach Unified School District  
Long Beach, California

opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure K Bond Fund of the District as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2016 on our consideration of the District's internal control over the Measure K Bond Fund financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over the Measure K Bond Fund financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over the Measure K Bond Fund financial reporting and compliance.

See the accompanying notes to the financial statements.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Accounting Policies**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

**Fund Structure**

The Statement of Revenues, Expenditures and Change in Fund Balance is a statement of financial activities of the Measure K Bond Fund related to the current reporting period. Fund expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

**Basis of Accounting**

The Measure K Bond Fund of the Long Beach Unified School District (the District) is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the county treasury is recorded at cost, which approximates fair value, in accordance with the requirements of the Governmental Accounting Standards Board.

**Budget**

The Statement of Revenues, Expenditures and Change in Fund Balance - Budget and Actual includes a column entitled "Budget". The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

**Fund Balance Classification**

The governmental fund financial statements present fund balance classifications that comprise a hierarchy based on the extent to which the District is bound to honor constraints on the specific purposes for which amounts can be spent. Amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation are considered restricted. The fund balance of the Measure K Bond Fund is therefore classified as restricted.

**Capital Assets and Long-Term Debt**

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Measure K Bond Fund are determined by its measurement focus. The Measure K Bond Fund is accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources”. Thus, the capital assets and long-term liabilities associated with the Measure K Bond Fund are accounted for in the basic financial statements of the District.

**Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NOTE 2: DEPOSITS AND INVESTMENTS**

**Investments**

**Cash in County**

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Los Angeles County Treasury as part of the common investment pool. These pooled funds are carried at amortized cost which approximates fair value. Fair value of the pooled investments at June 30, 2016 is measured at 100.1168% of amortized cost

The county is authorized to deposit cash and invest excess funds by California Government Code Sections 55534, 53601, 53635 and 53648. The county is restricted to invest time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer’s investment pool, bankers’ acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the county are either secured by federal depository insurance or are collateralized. The county investment pool is not required to be rated. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 2: DEPOSITS AND INVESTMENTS**

The county investment pool is not registered as an investment company with the Securities and Exchange Commission (SEC) nor is it an SEC Rule 2a7-like pool. California Government Code statues and the County Board of Supervisors set forth the various investment policies that the Country Treasurer follow. The method used to determine the value of the participant's equity withdrawn is based on the book value, which is amortized cost, of the participant's percentage participation on the date of such withdrawals.

The pool sponsor's annual financial report may be obtained from the Los Angeles County Public Affairs Office, Kenneth Hahn Hall of Administration, 500 W. Temple St, Room 358, Los Angeles, CA 90012.

**NOTE 3: EXCESS OF EXPENDITURES OVER APPROPRIATIONS**

There were no excess of expenditures over appropriations, by major object account.

**NOTE 4: BONDED DEBT**

On November 4, 2008, the voters approved the issuance of bonds, not to exceed \$1,200,000,000. On April 7, 2009, the District issued General Obligation Bonds, Election 2008, Series A of \$260,000,000 serial and term bonds. The bonds were issued for the purpose of refunding the District's outstanding 2008 Capital Project Notes and paying for the cost of new construction, reconstruction or modernization of some or all of the schools within the District.

On April 19, 2011, the District issued General Obligation Bonds, Election 2008, Series B and B-1 of \$3,020,686 capital appreciation serial bonds and \$72,406,000 of Qualified School Construction Bonds. These bonds are being issued to finance the acquisition, construction, rehabilitation and equipping of classrooms and school facilities within the District, and to pay the costs of issuing these bonds.

The Series B-1 bonds are being designated as "Qualified School Construction Bonds" for purposes of the American Recovery and Reinvestment Act of 2009. With respect to the Series B-1 bonds, the District expects to receive, on or about each bond payment date, a cash subsidy payment from the United States Treasury equal to the amount of interest determined at a federal tax credit rate under Section 54A(b)(3) of the tax code. The District will deposit the cash subsidy with the County to be credited to the Bond Interest and Redemption Fund for debt service payments.

On May 15, 2013, the District issued General Obligation Bonds, Election 2008, Series C of \$50,000,000 serial bonds. These bonds are being issued to finance the repair, upgrading, acquisition, construction and equipping of certain District sites and facilities and to pay the costs

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 4: BONDED DEBT**

of issuing these bonds.

On February 19, 2015, the District issued General Obligation Bonds, Election 2008, Series D of \$180,000,000 current interest serial bonds and Series D-1 of \$89,998,410 capital appreciation bonds. These bonds are being issued to finance the repair, upgrading, acquisition, construction and equipping of certain District sites and facilities and to pay the costs of issuing these bonds.

On April 14, 2016, the District issued 2016 General Obligation Refunding Bonds (2016 Refunding Bonds) of \$139,370,000. The bonds were issued to advance refund certain outstanding general obligation bonds, including Measure K, Series A. As such, \$105,615,000 of the Measure K, Series A bonds were advance refunded through the deposit of the proceeds into an irrevocable escrow account for future repayment. The outstanding balance is scheduled for final redemption by August 1, 2019. The 2016 Refunding Bonds are reported in the basic financial statements of the District.

**Payments**

Interest due is payable semi-annually on February 1 and August 1 of each year commencing, August 1, 2009 (Series A), August 1, 2011 (Series B), August 1, 2013 (Series C), and August 1, 2015 (Series D). The principal with respect to the bonds is payable upon maturity or upon redemption in whole or in part at the corporate trust office of the Paying Agent. The bonds are issuable as fully registered bonds in denominations of \$5,000 or any integral multiple thereof.

Capital appreciation bonds were issued as part of the Measure K, Series B issuance with maturity dates from August 1, 2034 through 2035; and capital appreciation bonds were issued as part of the Measure K, Series D-1 issuance with maturity dates from August 1, 2026 through 2039. Prior to their applicable maturity dates, each capital appreciation bond will accrete interest on the principal component, with all interest accreting through the applicable maturity date and payable only upon maturity or prior payment of the principal component.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 4: BONDED DEBT**

The outstanding general obligation bonded debt of the District at June 30, 2016 is:

<u>General Obligation Bonds</u>	<u>Date of Issue</u>	<u>Date of Maturity</u>	<u>Interest Rate %</u>	<u>Amount of Original Issue</u>	<u>Outstanding June 30, 2016</u>
Measure K:

Total	<u>\$ 435,850,096</u>	<u>\$ 233,989,378</u>	<u>\$ 154,200,904</u>	<u>\$ 824,040,378</u>

**NOTE 5: COMMITMENTS AND CONTINGENCIES**

**Purchase Commitments**

As of June 30, 2016, the District was committed under various capital expenditure purchase agreements for Measure K bond projects totaling approximately \$77.3 million. Projects will be funded through bond proceeds.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
MEASURE K BOND FUND**

**NOTES TO THE FINANCIAL STATEMENTS  
For the Fiscal Year Ended June 30, 2016**

**NOTE 5: COMMITMENTS AND CONTINGENCIES**

**Litigation**

The District is involved in various claims and legal actions related to various construction projects. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the District's Measure K Bond Fund financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Education

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Measure K Bond Fund financial statements of the Long Beach Unified School District (the District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's Measure K Bond Fund financial statements, and have issued our report thereon dated November 28, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MEASURE K BOND FUND**

**SCHEDULE OF FINDINGS AND RESPONSES  
June 30, 2016**

There were no findings related to the financial audit of the Measure K Bond Fund for the years ended June 30, 2016 and June 30, 2015.

**PERFORMANCE AUDIT OF THE MEASURE K BOND PROGRAM**

**INDEPENDENT AUDITOR'S REPORT  
ON THE PROPOSITION 39 GENERAL OBLIGATION BONDS  
COMPLIANCE REQUIREMENTS**

The Board of Education  
The Citizens' Oversight Committee  
Long Beach Unified School District  
Long Beach, California

We have conducted a performance audit of the Long Beach Unified School District (the District) Measure K General Obligation Bond program for the year ended June 30, 2016.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on pages 18-19 of this report which includes determining the District's compliance with the performance requirements for the Proposition 39 Measure K General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution as they apply to the bonds and the net proceeds thereof. Management is responsible for the District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal control of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on internal control.

The results of our tests indicated that, in all significant respects, the District expended Measure K Bond Program funds for the fiscal year ended June 30, 2016, only for the specific projects developed by the District's Board of Education, and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
PERFORMANCE AUDIT OF THE MEASURE K BOND PROGRAM**

**June 30, 2016**

**BACKGROUND INFORMATION**

In November 2000, the voters of the State of California approved Proposition 39 authorizing the issuance of general obligation bonds by California public school districts and community colleges under certain circumstances and subject to certain conditions.

In November 2008, a general obligation bond proposition (Measure K) of the District was approved by the voters of that District. Measure K authorized the District to issue up to \$1.2 billion of general obligation bonds to finance various capital projects and related costs, as specified in the bond measure provisions.

The Priority School Project Lists section of the Measure K ballot language makes reference to the District's 2009 Facilities Master Plan for the specific projects that the District proposes to finance with the proceeds from the Measure K bonds. Listed projects are completed as needed at a particular school site according to Board-approved Project Listing Recommendations (per page 19b of the 2009 Facilities Master Plan). The Project Listing Recommendations were formulated by the District's Internal Executive Committee, and reflect recommendations made by the district's Community Advisory Committee.

Pursuant to the requirements of Proposition 39, and related state legislation, the Board of Education of the District established a Citizens' Oversight Committee and appointed its members. The principal purpose of the Citizens' Oversight Committee, as set out in state law, is to inform the public as to the expenditures of the proceeds of the bonds issued pursuant to the Measure K bond authorization. The Citizens' Oversight Committee is required to issue at least one report annually as to its activities and findings.

Section 1(b)(3)(C) of Article XIII A of the California Constitution requires the District to conduct an annual independent performance audit to ensure that the proceeds of the bonds deposited into the Measure K Bond Fund have been expended only for the authorized bond projects. Consistent with this provision, Section 15286 of the California Education Code requires the performance audit to be conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States and be submitted to the Citizens' Oversight Committee by March 31 of each year.

**OBJECTIVES**

The objectives of our performance audit were to:

- Obtain documentation for the expenditures charged to the District Measure K Bond Program.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
PERFORMANCE AUDIT OF THE MEASURE K BOND PROGRAM**

**June 30, 2016**

**OBJECTIVES**

- Determine whether expenditures charged to the Measure K Bond Program funds have been made in accordance with the bond project list approved by the voters through the approval of Measure K in November 2008.
- Note incongruities or system weaknesses and provide recommendations for improvement.
- Provide the District Board of Education and the Measure K Citizens' Oversight Committee with a performance audit as required under the provisions of the California Constitution and Proposition 39.

**SCOPE OF THE AUDIT**

The scope of our performance audit covered the fiscal period from July 1, 2015 to June 30, 2016. Our sample selection considered object and project codes associated with the bonds projects. However, not all planned projects incurred expenditures in the current year, and not all projects with expenditures were tested. The propriety of expenditures for capital projects and maintenance projects funded through other state or local funding sources, other than the proceeds of the bonds, were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2016, were not reviewed or included within the scope of our audit or in this report.

**PROCEDURES PERFORMED**

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2016, for the Measure K Bond Program. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for expenditures to ensure compliance with the requirements of Proposition 39 and Measure K with regards to the approved bond projects list. We performed the following procedures:

- We reviewed the projects listed to be funded with general obligation bond proceeds as set out in the Measure K election documents.
- We selected a sample of expenditures for the year ended June 30, 2016, and reviewed supporting documentation to ensure that such funds were properly expended on the authorized bond projects. Our sample included 39 transactions totaling \$43,038,283. This represents 55% of total expenditures of \$77,700,134, outlined on the following page.

Millikan Seismic-Reconstruction	950
Total	\$ 77,700,134

- We verified on a sample basis that the Measure K Bond Program funds were generally expended for the construction, reconstruction, acquisition, furnishing and equipping of District facilities constituting the authorized bond projects and we verified that funds held in the Measure K Bond Fund were not used for salaries of school administrators or other operating expenses of the District. We noted that \$339,716 was expended on salaries and benefits for employees dedicated to management of Measure K projects as allowable per Opinion 04-110 issued on November 9, 2004 by the State of California Attorney General.

**CONCLUSION**

The results of our tests indicated that, in all significant respects, the Long Beach Unified School District has properly accounted for the expenditures of the funds of the Measure K Bond Program and that such expenditures were made on authorized bond projects. Further, it was noted that the funds of the Measure K Bond Program were not expended for salaries of school administrators or other operating expenditures.

**LONG BEACH UNIFIED SCHOOL DISTRICT  
PERFORMANCE AUDIT OF THE MEASURE K BOND PROGRAM**

**June 30, 2016**

**SCHEDULE OF FINDINGS AND RESPONSES**

There were no findings related to the performance audit of the Measure K Bond Fund for the year ended June 30, 2016 and June 30, 2015.
