SoWashCo  
SCHOOLS

### Pine Hill Elementary

#### A New Building to be Built On-site

Over the next 10 years, more than 3,500 potential new K-12 students are expected to move into the district. Current projections show that 15 schools will be over capacity and we will have a deficit of nearly 2,500 K-12 seats for students by 2031. To help, SoWashCo Schools will ask voters to consider approval of a \$462.6 million bond on Aug. 9, 2022. A bond is the only method to raise enough funds for construction, renovations and additions to meet the needs of our growing community.

# Vote Starting June 24

**PICTURED:** Most elementary schools built in the 1960s, like Pine Hill Elementary, include long hallways instead of collaborative and engaging learning spaces.

The 10-year facility plan includes replacing Pine Hill Elementary with a new building on our current campus. Our current school building would stay open throughout construction.

#### If Approved by Voters:

- Replace the current building with a new Pine Hill Elementary on-site to make room for up to 850 students
